27 supervision of any system shall confirm in the annual actuarial

1 valuation required under section 20h and the summary annual report  
2 required under section 13 that each system under this act provides  
3 for the payment of the required employer contribution as provided  
4 in this section and shall confirm in the summary annual report that  
5 the system has received the required employer contribution for the  
6 year covered in the summary annual report. The required employer

11 actuarial liability and the payment of the annual accrued amortized  
12 portion of the unfunded principal liability. For fiscal years that  
13 begin before January 1, 2006, the required employer contribution  
14 shall not be determined using an amortization period greater than  
15 40 years. Except as otherwise provided in this section, for fiscal

2 In a plan year, any current service cost payment may be offset by a  
3 credit for amortization of accrued assets, if any, in excess of  
4 actuarial accrued liability. A required employer contribution for a
