14 entrance examination component paid for either by this state or
15 through a scholarship or fee waiver by the provider.

16 (8) The superintendent of public instruction shall ensure that
17 the length of the Michigan merit examination and the combined total
18 time necessary to administer all of the components of the Michigan

21 merit examination results determined necessary by the
22 superintendent of public instruction. The superintendent of public
23 instruction shall ensure that the maximum total combined length of
24 time that schools are required to set aside for pupils to answer
25 all test questions on the Michigan merit examination does not
26 exceed 8 hours if the superintendent of public instruction
27 determines that sufficient alignment to applicable Michigan merit

2 limit.

6 this subsection to a child who is not enrolled in the school
7 district, the scores for that child are not considered for any
8 purpose to be scores of a pupil of the school district.

9 (12) In contracting under subsection (2), the department of

15 assess pupil performance in mathematics, science, social studies,
16 and English language arts for the purpose of improving academic
17 achievement and establishing a statewide standard of competency.
18 The assessment under this section provides a common measure of data
19 that will contribute to the improvement of Michigan schools'
20 curriculum and instruction by encouraging alignment with Michigan's
21 curriculum framework standards and promotes pupil participation in
22 higher level mathematics, science, social studies, and English
23 language arts courses. These standards are based upon the
24 expectations of what pupils should learn through high school and
25 are aligned with national standards.
