A SUMMARY OF HOUSE BILL 4239 AS INTRODUCED 2-21-89

The bill would amend the Insurance Code so that a violation of a posted 55 miles-per-hour speed limit by ten miles per hour or less that occurred on or after November 29, 1987, could not result in the assessment of any "insurance eligibility points" (used by an insurance company in underwriting) and could not be used by an insurance company in its secondary or merit rating plan. (Currently, the Insurance Code says that exceeding any lawful speed limit by ten miles per hour or less can result in the assessment of two eligibility points.)
