ENERGY CONSERVATION REPORTS TO PSC

RECEIVED
APR 17 1989

House Bills 4318-4320

Sponsor: Rep. Alma Stallworth

Committee: Public Utilities

Mich. State Law Library

Complete to 3-7-89

A SUMMARY OF HOUSE BILLS 4318-4320 AS INTRODUCED 3-1-89

A series of Public Acts in 1984 allowed various kind of governmental units to finance energy conservation improvements for their facilities by installment contract or by issuing notes (known as "energy conservation notes"). The local units are required to make reports to the energy administration within the Department of Commerce. They must report within 60 days of completing energy-related improvements on current energy use, the cost of the improvements, and the estimates of energy savings. Further, the local units must report for the next five years on the annual energy consumption of the facilities at which improvements are made. The bills require certain units to make their reports to the Public Service Commission rather than the energy administration.

House Bill 4318 would amend the act governing general law villages. (MCL 68.36) House Bill 4319 would amend the act governing home rule villages. (MCL 78.24b). House Bill 4320 would amend the act governing county board of commissioners. (MCL 46.11c)
