Complete to 2-12-91

A SUMMARY OF HOUSE BILL 4228 AS INTRODUCED 2-7-91

The bill would amend Public Act 17 of 1921, the Department of Natural Resources (DNR) enabling act, to require the department to computerize the application process for various permits and licenses issued by it. Beginning April 1, 1992, the DNR would have to require that all licensing and permit applications be transmitted through a medium and in a format compatible with the department's computer system.
