DNR SNOWMOBILE TRAIL MAP

House Bill 4511

Sponsor: Rep. Beverly Bodem

**Committee: Conservation, Recreation &
Environment**

Complete to 3-14-91

A SUMMARY OF HOUSE BILL 4511 AS INTRODUCED 3-11-91

The bill would amend the snowmobile registration act to require the Department of Natural Resources (DNR) to create and maintain a set of color-coded snowmobile trail maps, one for the Upper Peninsula and one for the Lower Peninsula, showing snowmobile trails on both public and private lands. The maps would have different color codings for the two types of trails and would have to indicate places where food and drink could be obtained along the trails, the distances between those locations, and any places where trails crossed state trunkline highways, county roads or city and village streets. The bill would also require the department to furnish appropriate signs along the public trails, while placement of signs along private trails would be permissive.
