## **INCINERATOR TEST RESULTS**

**House Bill 4702**

**Sponsor: Rep. Ken Sikkema**

**Committee: Conservation, Recreation,  
& Environment**

**Complete to 5-6-91**

### **A SUMMARY OF HOUSE BILL 4702 AS INTRODUCED 4-16-91**

House Bill 4702 would amend the Air Pollution Act to require that owners or operators of municipal solid waste incinerators conduct annual emission tests for twelve pollutants, in a manner approved by the Air Pollution Control Commission. The bill would also require that the emissions of each pollutant be reported numerically in each of the following terms:

- a) Maximum hourly concentration.
- b) Pounds per hour.
- c) Total pounds per year.

The results of the tests would have to be submitted to the DNR within 60 days for inclusion in an annual report to the legislature that would contain a list of all municipal solid waste incinerators.
