**A SUMMARY OF HOUSE BILL 4743 AS INTRODUCED 4-24-91**

The bill would amend the Adult Foster Care Facility Licensing Act to do the following:

--explicitly authorize the Department of Social Services to conduct inspections without prior notice.

--increase the term of a temporary license (issued for the initial period of operation) from six to twelve months, and the term of a regular license from two to three years. A camp license would be effective for the specific dates of operation provided in the license, and could be for longer than 12 months.

--limit provisional license renewals to two consecutive times (a provisional license, good for six months, is issued when a facility is temporarily unable to conform to the act's requirements for a regular license).

--explicitly authorize injunctive relief for operation of a facility without a license, as well as for a violation that may result in harm to residents under care.

--increase license fees. License fees are at present set by rule, within statutory limits of between \$15 and \$100; a single fee applies to each type of facility. The bill would set different fees for temporary and regular licenses, as follows.

<u>Facility type</u>	<u>Temporary license</u>	<u>Subsequent License</u>	<u>Current fee</u>
Family home	\$ 70.00	\$ 25.00	\$15.00
