**A SUMMARY OF HOUSE BILL 4847 AS INTRODUCED 5-22-91**

Public Act 2 of 1921 provides for the state administrative board. The act says that the board does not have the power to transfer any appropriation to the general fund at any time or use appropriations for any purpose other than that designated by the legislature. The board may not transfer to any state department or agency any sum from the amount appropriated by the legislature for any other purpose, "except to inter transfer funds within the appropriation for the particular department, board, commission, officer or institution." The bill would delete this exception from the law.
