**A SUMMARY OF HOUSE BILL 4938 AS INTRODUCED 6-11-91**

The bill would amend the School Code to require a school board to award a high school diploma to a student enrolled in the district when a student completes the requirements for the diploma regardless of the student's age. Such a student could continue to attend school after graduating on a full or part-time basis at least through the school year during which he or she becomes 18 years old. If the student completes additional course work after graduating, the school board would record the work on the official transcript and issue a supplemental diploma.
