## DEFINE HAZARDOUS WASTE

House Bill 4956

Sponsor: Rep. Tom Alley

Committee: Conservation, Recreation  
and Environment

Complete to 9-9-91

### A SUMMARY OF HOUSE BILL 4956 AS INTRODUCED 6-12-91

Currently, under the Environmental Response Act, a "hazardous substance" is defined, in part, as "a chemical or other material which is or may become injurious to the public health, safety, or welfare or to the environment." House Bill 4956 would amend this definition to define a hazardous substance as one that the Department of Natural Resources has demonstrated, on a site specific basis, or that it has designated in rules, as being injurious to the public health, safety, or welfare or to the environment.
