TRUCKS HAULING TOURISTS

House Bill 5000

Sponsor: Rep. Pat Gagliardi

Committee: Transportation

Complete to 9-3-91

A SUMMARY OF HOUSE BILL 5000 AS INTRODUCED 6-26-91

The Michigan Vehicle Code currently prohibits a truck tractor from hauling more than one trailer and one semitrailer or more than two semitrailers in combination at any one time, with certain exceptions, and limits the length of any such combinations to 55 feet and the speed at which they can be driven to 15 miles per hour. The bill would amend the act to permit a truck tractor to haul not more than four semitrailers to transport passengers on a train operated solely for sightseeing purposes (limited to the same length and speed).
