A SUMMARY OF HOUSE BILL 5134 AS INTRODUCED 9-17-91

Section 107 of chapter 14 of the Revised Statutes of 1846 regulates notaries public. Currently, a notary public, who is appointed by the governor, holds office for four years from the date of his or her appointment.

The bill would amend the act to say instead that notaries public would hold office from the date of their appointment until their next birthday occurring not more than four years after the date of their appointment.
