

Act No. 120
Public Acts of 1991
Approved by the Governor
October 11, 1991
Filed with the Secretary of State
October 11, 1991

STATE OF MICHIGAN
86TH LEGISLATURE
REGULAR SESSION OF 1991

Introduced by Reps. Ostling, Johnson and Bender

ENROLLED HOUSE BILL No. 4575

AN ACT to make appropriations for the department of public health and substance abuse programs for the fiscal year ending September 30, 1992; to provide for the expenditure of those appropriations; to provide for reports; to prescribe certain powers and duties of the department of public health; and to provide for the disposition of fees and other income received by the department of public health.

The People of the State of Michigan enact:

Sec. 101. There is appropriated for the department of public health and substance abuse programs for the fiscal year ending September 30, 1992, from the following funds:

DEPARTMENT OF PUBLIC HEALTH

- (s) "HHS-ADAMHA" means the United States department of health and human services, alcohol, drug abuse, and mental health administration.
- (t) "HHS-HCFA" means the United States department of health and human services, health care financing administration.
- (u) "HHS-HRSA" means the United States department of health and human services, health resources and services administration.
- (v) "HHS-PHS" means the United States department of health and human services, public health service.
- (w) "IDG" means interdepartment grant.
- (x) "IDT" means intradepartment transfer.
- (y) "IDT-ADP" means intradepartment transfer - automated data processing.
- (z) "MCH" means maternal and child health.
- (aa) "MHI" means Michigan health initiative.
- (bb) "NRC" means the nuclear regulatory commission.
- (cc) "OSAS" means the office of substance abuse services.
- (dd) "SAPE" means substance abuse, prevention, and education.
- (ee) "Title XVIII" means title XVIII of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1395 to 1395b, 1395b-2, 1395c to 1395i, 1395i-2 to 1395i-4, 1395j to 1395t, 1395u to 1395w-2, 1395w-4 to 1395zz, and 1395bbb to 1395ccc.
- (ff) "Title XIX" means title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396d, 1396f to 1396g, and 1396i to 1396s.
- (gg) "WIC" means women, infants, and children.

Sec. 204. (1) Basic health services for the fiscal year beginning October 1, 1991, for the purpose of part 23 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.2301 to 333.2321 of the Michigan Compiled Laws, are those described by the department in its proposed program statement dated October 16, 1981, and in the "prenatal postpartum care, proposed basic health service program statement" included in the department document entitled "A Study of Prenatal Care as a Basic Service," dated March 1, 1986, and for which the legislature has made funds available in amounts necessary to ensure their availability and accessibility. The services described in the statement are: immunizations, communicable disease control, venereal disease control, tuberculosis control, prevention of gonorrhea eye infection in newborns, screening newborns for phenylketonuria, screening newborns for hypothyroidism, health/medical annex of emergency preparedness plan, licensing and surveillance of agricultural labor camps, and prenatal care.

(2) On or before March 1, 1992, the department shall submit to the governor and to the legislature a proposed program statement for basic health services for the 1992-93 fiscal year. The department shall include family planning services in the proposed program statement. The department shall prepare the proposed program statement in cooperation with local health departments and other agencies and groups considered appropriate by the department.

Sec. 205. By March 1, 1992, the department shall report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and to the department of management and budget on the department's affirmative action program including recruitment, training, and career ladder development. The report shall specify the number of new hires, promotions, and reallocations by civil service classification and grade and by race, sex, and handicapping condition.

Sec. 207. If the federal and restricted funds used as a source of funding for programs in section 101 are not received in the amount appropriated, the department shall submit a report to the members of the house and senate appropriations subcommittees on public health, house and senate fiscal agencies, and the department of management and budget on the amount received by type of federal and restricted funding and the planned allocations among individual programs in comparison to appropriated amounts and originally planned allocations. The department shall submit the report before the implementation of any revised allocations.

Sec. 208. The department shall provide a report on contractual services to the senate and house appropriations subcommittees on public health and the senate and house fiscal agencies each quarter. The department shall base the report on the monthly civil service statewide contracted services report required by section 281 of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1281 of the Michigan Compiled Laws. The department shall provide in the report the name of the contractor, the dollar value of the contract, description and location of the service to be provided, and justification for the contract.

Sec. 209. The amounts appropriated in section 101 for utilities and that portion of contractual services, supplies, and materials used to pay for utility service to state facilities may be expended in a manner consistent with section 253 of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1253 of the Michigan Compiled Laws.

Sec. 211. The department of public health, in consultation with the office of substance abuse services and the department of education, shall use the amount appropriated in section 101 in part to develop and distribute educational materials on the dangers of anabolic steroids.

Sec. 212. (1) Before implementing any reorganization of the department, the department shall report to the members of the house and senate appropriations subcommittees on public health and to the house and senate fiscal agencies on all of the following:

- (a) The changes proposed in the organization of the department.
- (b) The changes proposed in individual position classifications and salaries.
- (c) A line-item by line-item comparison of the appropriations contained in section 101 to the appropriations recommended by the department to correspond to the proposed reorganization.
- (d) Any 1-time or additional costs that will be incurred or savings that will be realized as a result of the reorganization.

(2) Subsection (1) does not apply to a reorganization required under an executive order that has not been disapproved by the legislature.

Sec. 213. (1) Beginning October 1, 1991, there shall be a hiring freeze imposed on the state classified civil service. State departments and agencies shall be prohibited from hiring any new full-time state classified civil service employees or prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from one position to another within a department or to positions that are funded with 80% or more federal or restricted funds.

(2) The director of the department of management and budget shall grant exceptions to this hiring freeze when the director believes that such a hiring freeze will result in rendering a state department or agency unable to deliver basic services. The director of the department of management and budget shall report by the fifteenth of each month to the chairpersons of the senate and house appropriations committees the number of exclusions to the hiring freeze approved during the previous month and the reasons to justify the exclusion.

Sec. 215. If the revenue collected by the department from fees and collections exceeds the amount appropriated in section 101, the revenue may be carried forward into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Sec. 216. The department may expend funds in addition to those authorized in section 101 for conducting training and orientation workshops, seminars, and special conferences that are consistent with the programmatic mission of the departmental agency sponsoring the program.

EXECUTIVE SERVICES

Sec. 301. (1) The department shall not expend federal or other restricted allotments from the amounts appropriated in section 101 for federal and other restricted assistance for health services until after receipt of the recommendations of the department of management and budget and until there has been adequate opportunity for review and comment by the senate and house appropriations subcommittees on public health. If the department does not receive comments from the senate and house appropriations subcommittees on public health within 30 days after receipt of the recommendations by the subcommittees, the department may expend the allotments.

(2) Subject to subsection (3), requests for allotments from federal and other restricted assistance for health services shall meet 1 or more of the following criteria:

- (a) New or first-time federal or private grant awards.
- (b) New or increased federal or private allocations for existing grants or programs.
- (c) Increases in federal or private funds that result from changes in a matching percentage.

(d) State restricted revenues in amounts not to exceed \$50,000.00.

(e) Shall not include federal preventative health and health services block grant funds, maternal and child health block grant funds, or alcohol, drug abuse, and mental health block grant funds.

(3) Expenditures from federal or other restricted allotments shall not result in any new expenditure of state general fund money.

Sec. 302. Of the amount appropriated in section 101 from revenues from fees and collections, not more than \$250,000.00 received from the sale of vital records death data shall be used for improvements in the vital records and health statistics program. The amount described in this section shall not revert to the general fund at the end of the fiscal year ending September 30, 1992. Not later than December 1, 1992, the amount of any unexpended balances and the proposed uses for those balances shall be reported to the department of management and budget, the members of the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies.

Sec. 303. The amount appropriated to the department in section 101 for the post-polio education and referral project shall be used to provide for the dissemination of information and educational materials to health care professionals and polio survivors concerning the symptoms of the late effects of polio and the resources available for evaluation, treatment, and rehabilitation, the presentation of workshops and public information programs to educate health professionals and the general public about the late effects of polio, and other activities with health professionals and polio survivor support groups to increase access to needed services for polio survivors.

COMMUNICABLE DISEASE CONTROL

Sec. 401. The department shall not pay for billings received for the care and treatment of tuberculosis patients that are submitted more than 12 months after the services are rendered.

Sec. 402. State funds appropriated in any other account in section 101 may be used to supplant not more than \$350,000.00 in federal funds projected for immunization, if the federal funds are unavailable. The department shall inform the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget of the specific line items reduced pursuant to this section.

Sec. 403. If there is an outbreak of hepatitis B, or a carrier of hepatitis B is identified in a school system, the department or the local health department, or both, are responsible for immunizing the affected teachers, to the extent that third party coverage is not available.

Sec. 404. On January 1, April 1, and July 1, 1992, the department shall report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on the number of clinical laboratory tests pertaining to AIDS actually performed by the department.

BIOLOGIC PRODUCTS

Sec. 501. The appropriations in section 101 for contracts for projects and biologic products processing do not prohibit the department from charging related activities to other appropriate operational accounts in the laboratory services and biologic products appropriation units.

Sec. 502. Not later than December 1, 1992, the department shall report to the department of management and budget, the members of the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies on the revenues received by and expended from the pharmaceutical products fund created in section 9112 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.9112 of the Michigan Compiled Laws.

COMMUNITY ENVIRONMENTAL HEALTH

Sec. 601. The department of public health shall submit a report by July 1, 1992 and annually thereafter to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The report shall contain all of the following information:

- (a) The number of licensed food service establishments in the jurisdiction of each local health department.
- (b) The number of food service establishment inspections performed by each local health department.
- (c) A summary of the rating or results of each food service establishment inspection performed by a local health department.
- (d) State funding allocations for local health department food service inspection activities and the sources of funding for these allocations.
- (e) Expenditures from allocations reported under subdivision (d).

Sec. 602. The department shall review and certify laboratories used or intended for use in the testing of water from public water supplies in accordance with section 11 of the safe drinking water act, Act No. 399 of the Public Acts of 1976, being section 325.1011 of the Michigan Compiled Laws. The department may contract with the national sanitation foundation to assist in administering this section. The department may charge a fee for the review and certification. The review and certification fees charged by the department shall not exceed the fees charged by the national sanitation foundation for laboratory accreditation before the effective date of this section. The costs of the review and certification program shall not exceed the total amount collected from the fees.

Sec. 603. (1) The department shall not reimburse a claim by an operator of an agricultural labor camp pursuant to sections 12431 and 12432 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.12431 and 333.12432 of the Michigan Compiled Laws, from the amount appropriated in section 101 for migrant labor housing grants, until that portion of the labor camp utilized for migrant housing is in compliance with all state statutes and rules pertaining to the licensure of migrant labor camps as determined by on-site inspections both before and after occupancy.

(2) The amount appropriated in section 101 for migrant labor housing grants expended by the department for remodeling projects shall only be expended on remodeling projects started after January 1, 1985. The department of public health shall report before February 1, 1992 to the department of management and budget, the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies on the utilization of the program and program expenditures. The report shall include the name of each agricultural labor camp that received a grant, the amount of the grant for each agricultural labor camp, and any amount that was received by the agricultural labor camp from any other governmental unit.

(3) The department shall report by April 1, 1992 to the senate and house appropriations subcommittees on public health and the senate and house fiscal agencies on both of the following:

- (a) The number of migrant labor housing units licensed in 1985 and 1991.
- (b) The percentage of migrant labor housing units in 1985 and 1991 not meeting state migrant housing licensure standards.

(4) An agricultural labor camp operator receiving a grant from the department for remodeling from the amount appropriated in section 101 for migrant labor housing grants shall not do either of the following:

- (a) Convert a migratory housing unit that has been remodeled with grant funding to a use other than for migratory housing within 3 years after receipt of the grant.
- (b) Charge rent to an occupant of a migratory housing unit that has been remodeled with grant funding within 3 years after receipt of the grant.

(5) If an agricultural labor camp operator violates subsection (4), the department shall institute proceedings to recover the grant funds from the operator.

(6) The department may also expend the amount appropriated in section 101 for migrant labor housing grants for construction of new migrant labor housing. Project grants shall not exceed \$2,000.00 per unit. An applicant is not eligible for more than a \$10,000.00 grant in any fiscal year. Units shall be equivalent in construction to units approved by the farmers home administration for low interest construction loans and shall be not less than 484 square feet in size with a minimum of 1 bedroom, a kitchen, flush toilet, lavatory, and bathing facilities.

(7) In administering the grants for new migrant housing, the department shall use application, agreement, claim, and payment procedures set forth in R 325.3635 to R 325.3641 of the Michigan administrative code.

HEALTH CARE RESOURCES DEVELOPMENT AND REGULATION

Sec. 801. The amount appropriated in section 101 for the EMS program shall include funding for regional contracts that shall include, at a minimum, EMS ambulance inspection, EMS personnel licensure examinations, review of training programs, and consultation.

Sec. 805. (1) Of the amount appropriated in section 101 for poison control regional centers, Blodgett memorial hospital in Grand Rapids and children's hospital in Detroit shall each be allocated \$50,000.00 to support a WATS toll-free long distance telephone line.

(2) The poison control regional centers described in subsection (1) may charge a fee for services rendered to health care providers.

CENTER FOR HEALTH PROMOTION

Sec. 901. In developing and implementing AIDS provider education activities, the department may provide funding to the Michigan state medical society to serve as lead agency to convene a consortium of health care providers, to design needed educational efforts, to fund other statewide provider groups, and to assure implementation of these efforts, in accordance with a plan approved by the department.

Sec. 902. Of the amount appropriated in section 101 for the spinal cord and traumatic brain injury registry, \$20,000.00 shall be provided to the southeastern Michigan spinal cord injury system (SMSCIS) for the design and implementation of a spinal cord and traumatic brain injury registry if SMSCIS submits a proposal that is acceptable to the department.

Sec. 904. By January 1, 1992 and annually thereafter, the department shall submit a report to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget regarding grants and services provided from the Michigan health initiative fund.

Sec. 905. From the funds appropriated in section 101 for the AIDS and risk reduction clearinghouse and media campaign, the department shall spend the amount remaining after allotments are made for the AIDS media campaign and the information clearinghouse on a breast cancer reduction media campaign.

Sec. 906. The department shall examine the administrative structure and costs funded by the Michigan health initiative fund in the Michigan health initiative administration and the worksite risk reduction grants line items in section 101 and submit by April 1, 1992 to the members of the house and senate appropriations subcommittees on public health, house and senate fiscal agencies, and the department of management and budget a plan for reducing the administrative costs of the Michigan health initiative program. For purposes of this section, administration includes the regional technical centers.

Sec. 907. The appropriations in section 101 for the school health education project shall be used for contracts and services for implementation efforts, including a school health materials center. The contracts and services for implementation efforts relating to the school health materials center and special projects shall be with central Michigan university. The contracts and services shall be reviewed by the state interagency steering committee and reported in their annual implementation plan.

Sec. 908. (1) The department shall establish a process for the allocation of grants from the funds appropriated in section 101 for worksite risk reduction. The process shall be based on criteria that reflect, but are not limited to, the following aspects:

- (a) An emphasis on high risk behavior.
- (b) Recognition of high risk groups.
- (c) Utilization of intervention methods that are both efficient and cost effective.

(2) The department shall make the grants described in subsection (1) available to an organization that meets the criteria described in subsection (1).

Sec. 909. From the amounts appropriated in section 101 for the center for health promotion, the department shall develop and implement a program for promoting awareness, education, and early detection of prostate cancer.

BUREAU OF COMMUNITY SERVICES

Sec. 1001. Before December 1, 1991, the department shall submit a list of projects by expenditure category to be supported with the funds appropriated in section 101 for maternal and infant health data and evaluation to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The list shall include a project that links birth outcomes to maternal participation in state funded maternal and child health programs.

COMMUNITY SERVICES GRANTS TO LOCAL AGENCIES

Sec. 1101. The department shall review the basis for the distribution of funds to local health departments and other public and private agencies for the women, infants, and children food supplement program; family planning; early and periodic screening, diagnosis, and treatment program; and prenatal care outreach and service delivery support program and indicate the basis upon which any projected underexpenditures by local public and private agencies shall be reallocated to other local agencies that demonstrate need.

Sec. 1102. The amount appropriated in section 101 for state/local cost sharing may be used for special grants to local health departments to satisfy minimum funding levels prescribed by section 2477 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.2477 of the Michigan Compiled Laws, and any other authorized supplement. The special grants shall not exceed a total of \$250,000.00.

Sec. 1103. (1) Agencies receiving funds appropriated from section 101 for adolescent health care services shall meet all of the following criteria:

(a) Require each adolescent health clinic funded by the agency to report to the department on an annual basis all of the following information:

- (i) Funding sources of the adolescent health clinic.
- (ii) Demographic information of populations served including sex, age, and race.
- (iii) Utilization data that reflects the number of visits and repeat visits and types of services provided per visit.
- (iv) Types and number of referrals to other health care agencies.

(b) Require each local school board funded by the agency to establish a local advisory committee before the planning phase of an adolescent health clinic intended to provide services within that school district. The advisory committee shall be comprised of not less than 50% residents of the local school district, and shall not be comprised of more than 50% health care providers. A person who is employed by the sponsoring agency shall not have voting privileges as a member of the advisory committee. All advisory committee meetings shall be open to the public with at least a 1-week notice of the meeting date published in the local newspaper.

(c) Not allow an adolescent health clinic funded by the agency, as part of the services offered, to provide abortion counseling or services or make referrals for abortion services.

(d) If a local advisory committee established under subdivision (b) recommends that family planning be provided as a service, require that any public information brochure include family planning in its description of the entire array of services provided by the adolescent health clinic.

(e) Require each adolescent health clinic funded by the agency to have a written policy on parental consent, developed by the local advisory committee and submitted to the local school board for approval if the services are provided in a building where instruction is provided in grades kindergarten through 12.

(2) A local advisory committee established under subsection (1)(b), in cooperation with the sponsoring agency, shall submit written recommendations regarding the implementation and types of services rendered by an adolescent health clinic to the local school board for approval of adolescent health services rendered in a building where instruction is provided in grades kindergarten through 12.

(3) The department shall submit a report to the members of the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget based on the information provided under subsection (1)(a). The report is due 90 days after the end of the calendar year.

Sec. 1104. (1) In allocating the amount appropriated in section 101 for adolescent health care services, the department shall give equal consideration for funding to proposals based on the comprehensive adolescent health center model, as outlined by the adolescent health advisory committee, and to alternative models of adolescent health service delivery.

(2) The department shall submit a plan for allocation of the adolescent health care services to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The plan shall include the name and description of each project to be funded and the funding level for each project. Subject to subsection (3), the plan shall not be implemented until there has been adequate opportunity for review and comment by the senate and house appropriations subcommittees on public health.

(3) If the department does not receive comments from the senate and house appropriations subcommittees on public health within 15 days after the date of receipt of the plan by the senate and house appropriations subcommittees on public health, the department may implement the plan.

Sec. 1105. (1) Before April 1, 1992, the department shall submit a report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on planned allocations from the amount appropriated in section 101 for maternity, infant, and children's health care local agreements. The report shall include information on all of the following:

- (a) Funding allocations.
- (b) Basis for grantee selection.
- (c) Expected cost per client served by grantee.
- (d) Number of women expected to be served.
- (e) Number of children expected to be served.
- (f) Expected first and third party collections by source of payment.
- (g) Actual numbers served and amounts expended in the categories described in subdivisions (a) to (f) for the fiscal year 1990-91.

(2) Before April 1, 1993, the department shall report to the parties specified in subsection (1) on the actual numbers served and amounts expended in the categories described in subsection (1)(a) through (f) for the fiscal year 1991-92.

Sec. 1106. For all programs for which an appropriation is made in section 101 for community services grants to local agencies, the department shall contract with those local public and private nonprofit agencies best able to serve clients. Factors to be used by the department in evaluating agencies under this section shall include ability to serve high-risk population groups; ability to serve low-income clients, where applicable; availability of, and access to, service sites; management efficiency; and ability to meet federal standards, where applicable.

Sec. 1107. (1) Each family planning program receiving federal title X family planning funds shall be in compliance with all performance and quality assurance indicators that the United States bureau of community health services specifies as its common reporting requirements. An agency not in compliance with the indicators shall not receive supplemental or reallocated funds.

(2) By April 1, 1992, the department shall report to the members of the house and senate appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on both of the following:

- (a) The extent to which all delegate agencies meet the federal indicators.
- (b) Using applicable federal definitions, the total expended by the department of public health and its delegate agencies on family planning services, the number of clients served, and the average cost per client by delegate agency.

Sec. 1108. The department and local health departments shall report by April 1, 1992 to the members of the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget on the disposition of the funds distributed from the health and safety fund under the health and safety fund act, Act No. 264 of the Public Acts of 1987, being sections 141.471 to 141.479 of the Michigan Compiled Laws, and sections 5 and 20 of Act No. 265 of the Public Acts of 1947, being sections 205.507 and 205.520 of the Michigan Compiled Laws. The report shall include all of the following:

- (a) Whether the funds received from the health and safety fund were used for property tax relief and, if not, the specific programs supported by that portion of the distribution mandated for public health prevention programs and services.
- (b) A comparison of total local support for local public health departments for this fiscal year and for the previous fiscal year.

Sec. 1109. Expenditures for the early and periodic screening, diagnosis, and treatment program, including state administration, shall not exceed the actual amount of funds available from the department of social services and any associated federal matching funds.

Sec. 1110. (1) By April 1, 1992, the department shall submit a report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on the prenatal care outreach and service delivery support program. The report shall include a listing of all agencies expected to receive funds from this program and the allotted amount for each agency, the services to be provided, and the expected number of persons to be served.

(2) By April 1, 1993, the department shall report to the parties specified in subsection (1) on the actual number of persons served and the amounts expended by each agency that received funds under the program.

Sec. 1112. Of the amount appropriated in section 101 for prenatal care outreach and service delivery support, not more than 10% shall be expended for local administration, data processing, and evaluation.

Sec. 1113. The funds appropriated in section 101 for adolescent health care services shall not be used to fund grants for planning for or community coordination of additional adolescent health care programs.

Sec. 1114. By December 1, 1991, the department shall submit a plan for the allocation of amounts appropriated in section 101 for the pregnancy prevention program to the members of the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget.

Sec. 1115. By April 1, 1992, the department shall report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on the pregnancy prevention program. The report shall include the amount expended by each contracting agency, the number of clients served, and the average cost per client of each contracting agency.

Sec. 1116. (1) By April 1, 1992, the department shall report to the members of the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget all of the following:

(a) All geographical regions of the state, population groups, or facilities that are designated as health resource shortage areas and that are eligible for placement of health professionals.

(b) The number and type of health professionals that will be eligible for the repayment program during fiscal year 1991-92.

(c) An indication of measures to determine community support for retaining any health professional who is placed in a health resource shortage area.

(2) The department may implement all or portions of the essential health provider program through agreements with other state agencies or contracts with private, nonprofit organizations. The agreements or contracts shall require that the funds be spent in a manner consistent with the department's plan required under subsection (1).

Sec. 1117. The funding provided in section 101 for the Michigan essential health care provider program is intended for the purpose of securing multiyear commitments from health care providers. The department may encumber funds appropriated for the Michigan essential health care provider program from the current year appropriation when needed to cover future year obligations for such multiyear commitments.

Sec. 1118. From the amount appropriated in section 101 for rural primary care services, the department shall provide not less than \$30,000.00 for primary care services on Mackinac Island and \$59,000.00 for primary care services on Beaver Island.

Sec. 1119. A clinic, institution, or other health facility receiving state funding for family planning purposes shall provide to a client seeking family planning services, at initial contact, a pamphlet containing educational information to assist the patient in making responsible parenting decisions. The pamphlet shall include, but not be limited to, information regarding the physical, financial, and time commitment involved in parenting. The pamphlets required by this section shall be provided by the department. The pamphlets shall be written in English and in clear, nontechnical terms. Copies of the pamphlets shall also be printed in Spanish and distributed upon request to the clinics, institutions, and other health facilities described in this section.

CRIPPLED CHILDREN SERVICES

Sec. 1201. Money appropriated in section 101 for medical care and treatment of crippled children shall be paid according to reimbursement policies determined by the Michigan medical assistance program. Exceptions to these policies may be taken with the prior approval of the department of management and budget.

Sec. 1202. The department may do 1 or more of the following:

(a) Provide special formula for eligible clients with specified metabolic and allergic disorders.

(b) Provide medical care and treatment to eligible patients with cystic fibrosis who are 21 years of age or older.

(c) Provide genetic diagnostic and counseling services for eligible families.

(d) Provide medical care and treatment to eligible patients with hereditary coagulation defects, commonly known as hemophilia, who are 21 years of age or older.

Sec. 1203. A provider of service who does not submit a bill for care related to part 58 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.5801 to 333.5879 of the Michigan Compiled Laws, within 12 months after the date of service forfeits the right to payment and shall not seek reimbursement from the recipient of the care nor from the recipient's family or guardian.

Sec. 1204. (1) By April 1, 1992, the department shall submit a report to the members of the senate and house appropriations subcommittees on public health on the crippled children case management services program. The report shall include funding allocations by local health departments or other contractors and the number of children and families expected to be served by the agency.

(2) By April 1, 1993, the department shall report to the parties specified in subsection (1) on the actual number of persons served and the amounts expended by each agency that received funds under the program.

Sec. 1206. By December 1, 1991, the department shall report to the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget on the newborn genetic screening program and the sickle cell and other genetic services local agreements. The report shall include all of the following information:

(a) The basis for funding allocations, including caseload, formula, staffing levels, or other basis.

(b) A plan for funding the entire program within revenues available in fiscal year 1991-92 and in subsequent fiscal years.

(c) A description of specific activities funded by each contract, including research, education and training, medical management of patients, and administration and coordination.

Sec. 1207. Before implementing changes in the method of reimbursing health care providers in the program of services for crippled children, the department, with the assistance and advice of the children's special health care services advisory committee, shall develop and submit a plan to the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget. The plan shall include the proposed changes and an assessment of the impact of those proposed changes on client eligibility standards, caseload, quality of care, availability of services, and health care provider participation.

Sec. 1208. The department shall develop a proposal to require testing for treatable but otherwise handicapping conditions in addition to those conditions listed in section 5431 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.5431 of the Michigan Compiled Laws. The department shall include in the proposal a method for funding the costs of the additional tests.

SUBSTANCE ABUSE GRANTS AND CONTRACTS

Sec. 1301. This act does not prohibit the provision of programmatic or financial support for the same or similar services by state departments other than the office of substance abuse services.

Sec. 1302. The funds appropriated in section 101 for the SAPE program shall be used to support regional drug education programs through contracts with selected intermediate school districts. These state funds shall not be expended unless the intermediate school district appropriates an amount equal to 10% of the total program.

Sec. 1303. Not more than \$47,400.00 may be expended from the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants to reimburse the department of state police for fire inspection of substance abuse facilities.

Sec. 1304. Of the funds appropriated in section 101 for substance abuse, not more than 10% of state administered funds may be expended for administration of coordinating agencies.

Sec. 1305. Of the funds appropriated in section 101 for substance abuse prevention, education, and treatment grants, not more than \$100,000.00 may be utilized by the OSAS to implement fire and safety standards for local residential services programs, of the funds appropriated in section 101 for substance abuse, not more than \$25,000.00 may be utilized by the OSAS for special maintenance.

Sec. 1306. The amount appropriated in section 101 for substance abuse prevention, education, and treatment grants shall be expended for contracting with coordinating agencies or designated service providers.

Sec. 1307. The department shall not pay for services rendered under part 65 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.6501 to 333.6523 of the Michigan Compiled Laws, if the billings or invoices for those services are submitted more than 12 months after the services are rendered.

Sec. 1308. Of the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants, \$992,500.00 shall be for alcoholism and drug abuse services provided in residential and outpatient settings to statewide medicaid and Wayne county general assistance/resident county hospitalization substance abuse clients.

Sec. 1309. Before changing the allocation formula currently being used to distribute substance abuse grants and contracts, the office of substance abuse services shall submit the changes and their impact upon substance abuse coordinating agencies, programs, and services for review to the members of the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget.

Sec. 1310. From the amounts appropriated in section 101 for substance abuse grants and contracts not otherwise allocated to coordinating agencies on the basis of formula, \$200,000.00 shall be allocated to the community, alliance, resource, environment substance abuse program. Before the \$200,000.00 is allocated, the community, alliance, resource, environment substance abuse program shall obtain a substance abuse treatment and rehabilitation services license under part 62 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.6201 to 333.6251 of the Michigan Compiled Laws, by April 1, 1992.

Sec. 1311. In allocating the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants, the office of substance abuse services shall earmark, consistent with the federal block grant requirements, 10% for women's services, 20% for prevention services, and 17.5% for services for intravenous drug users. If the office of substance abuse services places other nonfederally mandated earmarks on this funding, it shall permit coordinating agencies to transfer up to 10% of these earmarked funds between categories. The earmarking of these funds may include services for youth, crack cocaine treatment services, and treatment services for individuals who are dually diagnosed.

Sec. 1312. In spending the funds appropriated in section 101 for community substance abuse prevention, education, and treatment grants, the office of substance abuse services and its subcontractors shall ensure that chemically dependent pregnant women receive priority for services.

Sec. 1315. The funds appropriated in section 101 for the general assistance substance abuse services program shall be used to support per diem room and board payments in substance abuse residential facilities. Eligibility of clients for the general assistance substance abuse services program shall be determined in accordance with eligibility standards for the general assistance program in the department of social services in the previous fiscal year.

This act is ordered to take immediate effect.
