

Act No. 164
Public Acts of 1991
Approved by the Governor
December 16, 1991
Filed with the Secretary of State
December 16, 1991

**STATE OF MICHIGAN
86TH LEGISLATURE
REGULAR SESSION OF 1991**

Introduced by Rep. Jacobetti

ENROLLED HOUSE BILL No. 4607

AN ACT to make appropriations for the department of state police, and certain other state purposes for the fiscal year ending September 30, 1992; to provide for the expenditure of those appropriations; and to provide for the powers and duties of certain committees, certain state agencies, and certain employees.

The People of the State of Michigan enact:

Sec. 101. There is appropriated for the department of state police to supplement former appropriations for the fiscal year ending September 30, 1992, from the funds identified as follows:

DEPARTMENT OF STATE POLICE

APPROPRIATIONS SUMMARY:

Full-time equated classified positions.....	32.0	
GROSS APPROPRIATION	\$	10,138,900

Total other state restricted revenues		4,293,000
State general fund/general purpose	\$	5,845,900

HIGHWAY SAFETY PLANNING

Full-time equated classified positions.....	1.0	
Secondary Road Patrol Administration—1.0 FTE Positions.....	\$	72,600
Secondary Road Patrol and Traffic Accident Grants		6,713,400
GROSS APPROPRIATION	\$	6,786,000
Appropriated from:		
Special revenue funds:		
Secondary road patrol and training fund.....		3,744,500
State general fund/general purpose	\$	3,041,500

LAW ENFORCEMENT OFFICERS TRAINING COUNCIL

Training only to local units	\$	548,500
GROSS APPROPRIATION	\$	548,500

Appropriated from:		
Special revenue funds:		
Secondary road patrol and training fund.....	\$	548,500
State general fund/general purpose	\$	0

SPECIAL OPERATIONS

Full-time equated classified positions.....	31.0	
911/central dispatch—31.0 FTE positions	\$	2,804,400
GROSS APPROPRIATION	\$	2,804,400
Appropriated from:		
State general fund/general purpose	\$	2,804,400

GENERAL SECTIONS

Sec. 201. (1) In accordance with the provisions of section 30 of article IX of the state constitution of 1963, total state spending in this bill is \$10,687,400.00 and state spending to be paid to local units of government is as follows:

HIGHWAY SAFETY PLANNING

Secondary road patrol and traffic accident grants	\$	7,261,980
---	----	-----------

LAW ENFORCEMENT OFFICERS TRAINING COUNCIL

Training only to local units		548,500
------------------------------------	--	---------

SPECIAL OPERATIONS

911 - central dispatch		2,804,400
Total	\$	10,614,800

(2) When it appears to the principal executive officer of each department that state spending to local units of government will be less than the amount that was projected to be expended for any quarter, the principal executive officer shall immediately give notice of the approximate shortfall to the department of management and budget, the senate and house appropriations committees, and the senate and house fiscal agencies.

Sec. 202. The appropriations made and the expenditures authorized under this act and the departments, agencies, commissions, boards, offices, and programs for which an appropriation is made under this act are subject to the management and budget act, Act No. 431 of the Public Acts of 1984, being sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

Sec. 203. As used in this act, "CCD" or "consolidated central dispatch" means an entity consisting of 75% or more of the law enforcement, fire fighting, and emergency service agencies, or those agencies encompassing 75% or more of the population of the service area, joined under a written agreement to operate under a single dispatching operation. The 75% requirements for a CCD may be waived in counties of over 250,000 where other configurations promise effective and efficient services. A CCD must also include all of the following:

- (i) The participation of the county sheriff and the state police.
- (ii) The control of central dispatching by a countywide or regional authority consisting of representatives of participating jurisdictions and agencies and the general public, that selects supervisory staff and oversees operations.
- (iii) One or 2 dispatching points operated by the authority as is determined to be necessary given the size of the county.
- (iv) Dispatch services 24 hours a day, 7 days a week, year-round to all participating jurisdictions and agencies.
- (v) A written agreement including an annual budget by the participants that specifies the nature and amount of service and identifies sources of financing, including the provision of personnel, equipment, supplies, and funds from participants or from dedicated sources.
- (vi) An operational policy based on the concept of the dispatch of the closest unit, of the appropriate type, to the service request.

(vii) Operation using 9-1-1, or enhanced 9-1-1, under the emergency telephone service enabling act, Act No. 32 of the Public Acts of 1986, being sections 484.1101 to 484.1707 of the Michigan Compiled Laws, where feasible and cost-effective.

OPERATIONS

Sec. 301. (1) Funds appropriated in section 101 for 9-1-1 consolidated central dispatch shall be for new equipment, 10% reductions for the original 6 central dispatches, continuation funding of existing consolidated central dispatches, new consolidated central dispatches that meet the definition criteria of a consolidated central dispatch provided in section 203 as established by the department and the June 2, 1988 central dispatch state plan recommendations of the office of criminal justice emergency telephone services committee, and for additional county dispatches that meet that criteria. Funds for 10% reductions for the original 6 central dispatches, continuation funding of existing consolidated dispatches, new consolidated central dispatches, and additional county dispatches shall be expended in accordance with the following guidelines:

(a) In counties with a population of 100,000 individuals or more, 7% of the approved annual CCD budget for personnel costs.

(b) In counties with a population of less than 100,000 individuals, 15% of the approved annual CCD budget for personnel costs, except that if 4 or more counties, or counties with an aggregate population of more than 100,000 individuals, agree to operate a CCD, the state participation shall be 20% of the budget for personnel costs.

(2) The funds appropriated under subsection (1) shall be considered a work project account and shall not lapse at the end of the fiscal year. The funding formula for eligible consolidated central dispatches shall use a rate not to exceed the state radio dispatcher FTE pay rate exclusively for, and limited to, dispatchers, dispatch supervisors, and center director personnel.

(3) It is the intent of the legislature that the funds appropriated in section 101 for 9-1-1/central dispatch shall provide 10% reductions from fiscal year 1990-91 appropriations for those 6 central dispatch centers that are not in compliance with the formula as outlined in this section for new central dispatch operations. Furthermore, it is the intent of the legislature that the 6 central dispatch centers be funded by the beginning of fiscal year 1993-94 at levels set by formula guidelines described in this section.

(4) Any county receiving state funds for consolidated central dispatches prior to the effective date of this act may receive funding according to the consolidated central dispatch formula described in subsection (1).

(5) Subject to subsection (6), consolidated central dispatches created after the effective date of this act shall be funded by appropriation, and by revenues collected from monthly surcharge fees on consolidated central dispatch access lines in this state as provided by law.

(6) The revenue collected under subsection (5) shall be used to help offset the general fund costs of funding for consolidated central dispatches appropriated under section 101. The amount of revenue collected under subsection (5) that exceeds \$2,804,400.00 shall not revert to the general fund but shall be retained for expenditure in fiscal year 1991 for office automation and communications.

Sec. 302. (1) State funds for local E 9-1-1/consolidated central dispatch planning and implementation studies shall be awarded on a state/local shared cost basis. A state funding contribution shall not exceed 25% of the total planning/study costs, and is capped at \$15,000.00. State funds for local E 9-1-1/central dispatch equipment shall be awarded on a state/local shared cost basis, utilizing the following formula:

(a) In counties of over 100,000 population, a state funding grant shall not exceed 25% of the cost of E 9-1-1/central dispatch equipment, not to exceed \$70,000.00.

(b) In counties of 50,000 to 100,000 population, a state funding grant shall not exceed 50% of the cost of E 9-1-1/central dispatch equipment, not to exceed \$70,000.00.

(c) In counties under 50,000 population, a state funding grant shall not exceed 75% of the cost of E 9-1-1/central dispatch equipment, not to exceed \$70,000.00.

Sec. 303. The appropriation in section 101 for secondary road patrol and traffic accident grants shall be considered a work project account and shall not lapse at the end of the fiscal year but remain available for expenditure in fiscal year 1992-93.

Sec. 304. From the \$10,687,400.00 appropriated in section 101, \$76,900.00 shall be allocated to the executive division to fund the position of legislative liaison.

This act is ordered to take immediate effect.
