*The People of the State of Michigan enact:*

Section 1. Act No. 94 of the Public Acts of 1979, as amended, being sections 388.1601 to 388.1772 of the Michigan Compiled Laws, is amended by adding section 6b to read as follows:

Sec. 6b. (1) Notwithstanding sections 6(4) and 13, for 1992-93 a district that administers a department-approved K-12 alternative education program involving 2 or more districts and a public community college may count in its 1992-93 membership all full-time pupils who were not counted in the administering district in 1991-92 and are enrolled and in regular daily attendance on the pupil membership count day in the alternative education program. However, not more than 50 pupils may be counted in 1992-93 membership statewide under this subsection. Upon request by the department, the administering district shall provide to the department a list by district of residence of the pupils enrolled in the alternative education program for 1991-92 and for 1992-93 and any other information the department needs to verify the eligibility of a pupil to be counted under this subsection.

(2) For 1992-93 only, if a district that is classified under the school code of 1976 as a fourth class school district and is subject to an adjustment under section 17b(6) enters into an agreement after the pupil membership count day and before December 15, 1992 to participate in an adult education cooperative program under section 108, the district may submit a written request to the department asking the department to transfer the district's adult education membership as of the pupil membership count day to the district that administers the adult education cooperative program. Upon department approval of such a request, the department shall transfer that adult education membership from the participating district's membership count to the administering district's membership count and shall adjust payments to the affected districts accordingly.

This act is ordered to take immediate effect.
