(2) When it appears to the principal executive officer of each department that state spending to local units of government will be less than the amount that was projected to be expended for any quarter, the principal executive officer shall immediately give notice of the approximate shortfall to the department of management and budget, the senate and house appropriations committees, and the senate and house fiscal agencies.

Sec. 202. The appropriations made and the expenditures authorized under this act for the institutions, department, agencies, commissions, boards, offices, and programs for which an appropriation is made under this act are subject to the management and budget act, Act No. 431 of the Public Acts of 1984, being sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

Sec. 203. As used in this act:

- (a) "CESARS" means chemical evaluation search and retrieval system.
- (b) "Commission" means the commission of natural resources.
- (c) "DAG-FS" means the United States department of agriculture-forest service.
- (d) "Department" means the department of natural resources.
- (e) "DOC-NOAA" means the United States department of commerce-national oceanic and atmospheric administration.
- (f) "DOD-ARMY" means the United States department of defense-army.
- (g) "DOD-NAVY" means the United States department of defense-navy.
- (h) "DOE" means the United States department of energy.
- (i) "DOI" means the United States department of interior.
- (j) "DOI-FWS" means the DOI-fish and wildlife service.
- (k) "DOI-NPS" means the DOI-national park service.
- (l) "DOI-OSMRE" means the DOI-office of surface mining reclamation and enforcement.
- (m) "DOI-OWRT" means the DOI-office of water research and technology.
- (n) "DOT" means the United States department of transportation.
- (o) "EPA" means the United States environmental protection agency.
- (p) "EPA-LUST trust" means the EPA-leaking underground storage tank trust fund.
- (q) "EPA-OPM" means the EPA-office of program management.
- (r) "EPA-ORD" means the EPA-office of research and development.
- (s) "EPA-OWWM" means the EPA-office of water and waste management.
- (t) "FTE" means full-time equated.
- (u) "PCB" means polychlorinated biphenyl.

Sec. 204. The amounts appropriated for utilities and that portion of contractual services, supplies, and materials used to pay for utility service to state facilities in sections 101, 102, and 103 may be expended in a manner consistent with section 253 of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1253 of the Michigan Compiled Laws.

Sec. 205. (1) From funds appropriated under sections 101, 102, and 103, the department shall prepare a report that lists all of the following regarding grant or loan or grant and loan programs administered by the department for the fiscal year ending on September 30, 1993:

- (a) The name of each program.
- (b) The criteria, eligibility, process, and deadlines for each program.
- (c) The maximum and minimum grant and loan available and whether there is a match requirement for each program.
- (d) The amount of any required match, and whether in-kind contributions may be used as part or all of a required match.
- (e) Information pertaining to the application process, timeline for each program, and the contact people within the department.
- (f) The source of funds for each program, including the citation of pertinent authorizing acts.
- (g) Information regarding plans for the next fiscal year for the phaseout, expansion, or changes for each program.
- (h) A listing of all recipients of grants or loans awarded by the department by type and amount of grant or loan.

(2) The reports required under this section shall be submitted to the senate and house of representatives appropriations subcommittees by January 1, 1994.

Sec. 206. (1) Beginning October 1, 1992, there shall be a hiring freeze imposed on the state classified civil service. State departments and agencies shall be prohibited from hiring any new full-time state classified civil service employees or prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from one position to another within a department or to positions that are funded with 80% or more federal or restricted funds.

(2) The director of the department of management and budget shall grant exceptions to this hiring freeze when the director believes that such a hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive and expend federal or restricted funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The director of the department of management and budget shall report by the fifteenth of each month to the chairpersons of the senate and house appropriations committees the number of exclusions to the hiring freeze approved during the previous month and the reasons to justify the exclusion.

Sec. 207. The department shall not transfer ownership, control, or administrative responsibilities of any harbor funded with money appropriated in section 101 and under the control of the state waterways commission to any other entity unless that transfer is authorized by the house and senate appropriations subcommittees.

Sec. 208. Funds appropriated in section 101 shall not be used for the purchase of foreign goods and/or services when competitively priced American goods and/or services are available.

Sec. 209. The director of the department shall appoint an individual to serve in the position of environmental auditor for the department. The environmental auditor shall assure that the department is in compliance with all environmental laws. In addition, the environmental auditor shall investigate whether the department is in control of property which has been contaminated with hazardous substances for which the state of Michigan may be liable as an "operator" pursuant to section 12 of Act No. 307 of the Public Acts of 1982, being section 299.612 of the Michigan Compiled Laws, and shall report such findings to the legislature by September 30, 1993.

Sec. 210. Any appropriation in section 102 shall not be expended, shall not be allotted, and shall lapse to the general fund, if any appropriation in section 103 is vetoed by the governor.

EXECUTIVE

Sec. 301. The appropriations in section 101 may be used for per diem payments to the members of commissions or committees for a full day of commission or committee work at which a quorum is present, for

attending a hearing as authorized by the respective commission or committee, or for performing official business as authorized by each respective commission or committee. The per diem payments shall be at a rate as follows:

- (a) Commission of natural resources\$75.00 per day
- (b) Hazardous waste management planning committee\$50.00 per day.

Sec. 302. (1) When supplies, materials, equipment, or products are purchased by the department with funds appropriated in section 101, the department shall give preference to supplies, materials, equipment, and products that are 1 or both of the following:

- (a) Manufactured, assembled, or sold in this state.
- (b) Made entirely or in part from recycled materials.

(2) As used in this section, "recycled materials" has the meaning ascribed to that term in section 261a of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1261a of the Michigan Compiled Laws.

Sec. 303. The department shall establish an FTE position vacancy accumulated funds account. The department shall transfer into the FTE position vacancy accumulated funds account at the end of each quarter any funds remaining unspent for personnel and related costs for vacancies. A report on the amount transferred each quarter into the vacancy accumulated funds account and the cumulative total in the account shall be submitted to the house and senate appropriations committees and the house and senate fiscal agencies 15 days after the last pay period in each quarter.

Sec. 304. (1) The director of the department shall take all reasonable steps to ensure that businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both, with funds appropriated in sections 101, 102, and 103.

(2) The director of the department shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

(3) Each state department shall compile a report to the civil rights commission validating the total contracts in compliance with this section and detailing contracting procedures for the department.

Sec. 305. In carrying out this act, if the director of the department is required to lay off any department employees, the director shall be exempt from using a strict application of continuous service credits in accordance with guidelines developed by the state personnel director and approved by the civil service commission in order to preserve affirmative action gains made in a program approved by the Michigan equal employment and business opportunity council. This is in accordance with civil service commission rule 2-19.3d.

Sec. 306. (1) The department shall provide to the job academy, planning and policy documents, program and fiscal data, and other requested information for the programs which receive funding under this act.

(2) The department shall assign staff to work with the job academy to improve the coordination of employment and training services between departments, to reduce duplication of services, and to begin integrating and consolidating all employment and training services.

(3) To improve the accessibility of Michigan citizens to employment and training programs, the department shall cooperate with the job academy as it develops pilot programs which consolidate and restructure employment and training programs at the local level. The pilot programs shall include, but not be limited to, the testing of a system through which clients receive vouchers that may be used to access the most appropriate employment and training services.

(4) To allow for the implementation of the local pilot programs, funds may be transferred from existing employment and training programs to the job academy line item. Such transfers shall be subject to the provisions of section 393(2) of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1393 of the Michigan Compiled Laws.

Sec. 307. Of the total funds appropriated in section 101 for the office of the Great Lakes, the department shall assign at least 1.0 FTE position and expend \$60,000.00 to implement Act Nos. 326 and 327 of the Public Acts of 1990.

Sec. 308. Of the funds appropriated in section 101 for executive direction, the department shall develop an organizational plan based on total quality management principles, including consideration of gender bias, minority hiring procedures, and personnel training requirements. To develop the plan, the department shall contract with a consultant or hire an individual with experience in total quality management principles.

ADMINISTRATIVE SERVICES

Sec. 401. The following are the estimated revenues available in the game and fish protection fund for the state fiscal year beginning October 1, 1992:

Projected balance from previous year	\$	6,820,400
General purpose licenses		36,200,000
Interest and earnings		2,900,000
Federal indirect revenues		900,000
Miscellaneous revenues		600,000
Total game and fish protection fund	\$	47,420,400

DEPARTMENTAL OPERATIONAL SUPPORT

Sec. 501. The department shall report on February 1, 1993, to the senate and house of representatives appropriations committees and to the senate and house fiscal agencies. The report shall include both of the following:

(a) The amount of contributions, gifts, bequests, grants, and donations received by the department for the fiscal year ending September 30, 1992.

(b) A listing of the expenditures made from the amounts received as reported in subdivision (a).

RECREATION

Sec. 601. The department may charge the appropriations contained in sections 101, 102, and 103, including all special maintenance and capital projects appropriated for the fiscal year ending September 30, 1993, for engineering services provided, a standard percentage fee to be determined by the director of the department of management and budget, and may use the revenue derived to support the engineering services charges provided for in section 101.

Sec. 602. The appropriation in section 103 for the local government assistance-grant program shall be expended for a local recreation grants program pursuant to established guidelines for the program.

STATE PARKS

Sec. 701. (1) There is created and established under the jurisdiction and control of the department a revolving account to be known as the MacMullan conference center account. All of the fees and other revenues generated from operation of the MacMullan conference center shall be deposited in the MacMullan conference center account. Appropriations shall be made from the account for support of programs operations and all maintenance and operations of the facility, and shall not exceed the estimated revenues for the fiscal year in which they are made, together with any unexpended balances from prior years. The department shall submit an annual report of operations and expenditures regarding the MacMullan conference center account to the appropriations committees of the senate and house of representatives and the house and senate fiscal agencies at the end of the fiscal year.

(2) The MacMullan conference center shall only be available for usage by the following:

(a) The department of natural resources for departmental purposes.

(b) Other federal, state, and local governmental agencies and educational institutions, on a voluntary basis.

(c) Nonprofit groups with a natural resource or environmental agenda.

(d) Statewide community service clubs.

(e) Handicapper groups.

(3) All groups or entities authorized to use the MacMullan conference center shall receive a natural resource or environmental program presentation.

Sec. 702. The department shall use established criteria in determining the propriety or necessity of closing, consolidating, or transferring any state park or recreation area. All state park or recreation area closures,

consolidations, or transfers are subject to the criteria developed pursuant to this section. The department shall notify the members of the senate and house appropriations committees and the standing committees of the legislature that primarily address issues pertaining to natural resources prior to closing, consolidating, or transferring a state park or recreation area.

Sec. 703. The funds appropriated in sections 101 and 103 for day-in-the-park are intended to provide for minority and low-income youth outreach program in the following areas in the state:

- (a) Bay City/Saginaw.
- (b) Benton Harbor/St. Joseph.
- (c) Detroit.
- (d) Flint.
- (e) Grand Rapids.
- (f) Kalamazoo/Battle Creek.
- (g) Monroe.
- (h) Muskegon.
- (i) Pontiac.

Sec. 704. (1) Except as otherwise provided in this section, the commission of natural resources shall provide that each concession in a state park is awarded at least every 7 years based on renegotiation or competitive bidding. However, a person who is awarded a concession and makes a capital investment of \$750,000.00 or more in the concession that requires longer than 7 years to amortize or depreciate shall be granted, upon the expiration of the 7-year period, the right of first refusal regarding award of the concession for an additional 7-year period. The right of first refusal provided for in this section shall exist for no more than 2 additional 7-year periods as may be necessary to amortize or depreciate the capital investment made by the person holding the concession.

(2) The award of each concession in a state park shall be approved by the commission of natural resources.

Sec. 705. Of the total funds appropriated in section 101 for state park operations, the department shall expend \$45,000.00 to contract with Saginaw valley state university and Delta community college to operate the Jenison trail side museum interpretive center at Bay City state park.

Sec. 706. The appropriation in section 103 for the site development—state park Marquette county shall be expended for recreation development and for site preparation within a park on Lake Superior in Marquette county.

FOREST RESOURCE MANAGEMENT

Sec. 801. The department of state may carry over unexpended snowmobile and off-road vehicle fee collections as authorized by Act No. 74 of the Public Acts of 1968, being sections 257.1501 to 257.1518 of the Michigan Compiled Laws, and Act No. 319 of the Public Acts of 1975, being sections 257.1601 to 257.1626 of the Michigan Compiled Laws, to fund following year programs in the department of state and the department as appropriated by the legislature.

Sec. 802. The department may carry forward the unexpended revenue collected for wildfire prevention and the Roscommon equipment center. Expenditure shall not exceed revenue collected for the fiscal year together with any unexpended balances of the prior fiscal year.

Sec. 803. A forest recreation advisory committee shall be established to assure that all products of state forests be given fair and equitable consideration. The committee shall address recreational, environmental, and aesthetic aspects of state forest lands, and make recommendations to the commission of natural resources and director of the department on strategies for revenue generation and public use enhancement. The committee will also review and make recommendations on the organizational placement of state forest recreation programs in the forest management division. It is the intent of the legislature that no trails or campground facilities on state forest lands be closed until recommendations are made by the forest recreation advisory committee. The forest recreation advisory committee shall consist of members from a minimum of 10 state forest user groups, staff assigned to forest recreation programs in the forest management, recreation, fisheries, parks, and wildlife management divisions of the department, and representatives from the house and senate fiscal agencies.

Sec. 804. The department shall establish criteria to use in determining the propriety or necessity of closing, consolidating, or transferring any state forest campground. All state forest campground closures, consolidations, or transfers are subject to the criteria developed pursuant to this section. The department shall notify the chairpersons of the senate and house appropriations subcommittees and standing committees on natural resources prior to closing, consolidating, or transferring a state forest campground.

Sec. 805. Of the funds appropriated for forest recreation in section 101, \$250,000.00 shall be used to keep state forest recreational facilities that provide public access to waterways open for the 1993 fiscal year.

REAL ESTATE

Sec. 901. The department may charge land acquisition projects appropriated for the fiscal year ending September 30, 1993, and for prior fiscal years, a standard percentage fee to be determined by the state budget director, and may use the revenue derived to support the land acquisition service charges provided for in section 101.

Sec. 902. The land sale fund is created. An amount equal to the cost of personal services, printing, postage, advertising, contractual services, and facility rental associated with tax reverted lands shall be deducted from the sales and credited to the land sale fund.

GEOLOGICAL SURVEY

Sec. 1001. From fees collected pursuant to section 22 of Act No. 61 of the Public Acts of 1939, being section 319.22 of the Michigan Compiled Laws, there is appropriated \$125,000.00 to be known as the brine loss investigation fund that shall be utilized by the supervisor of wells for response and investigation of existing or future alleged instances of groundwater contamination resulting from drilling or operation of oil or gas wells. If necessary, and after consultation with the oil and gas advisory board, the supervisor of wells may negotiate and authorize direct contractual services for surface of hydrogeologic investigations. The fund shall not be used for research or for soil or groundwater sampling where verified complaints do not exist.

Sec. 1002. The department shall cooperate with the United States geological survey in maintaining a groundwater data base in Michigan.

Sec. 1003. The department shall conduct an investigation and audit of abandoned oil and gas wells to determine an estimated number of improperly plugged wells in the state and their potential detrimental effect on the groundwater of the state. Such report shall be given to the members of the senate and house appropriations committees and standing committees on natural resources by September 30, 1993.

LAND AND WATER MANAGEMENT

Sec. 1101. The funds appropriated in section 101 for land and water management permit expansion or backlog reduction initiative shall not be encumbered or expended until passage of legislation establishing a land and water management permit fee. It is the intent of the legislature that ongoing program activities of the department, except for the backlog reduction initiative and the land and water permit expansion, not receive land and water management permit fee revenue to address potential funding shortfalls in those programs.

Sec. 1102. The funds appropriated in section 101 for stormwater discharge program shall not be encumbered or expended until passage of legislation establishing a stormwater discharge permit fee. It is the intent of the legislature that ongoing program activities of the department not receive stormwater discharge permit fee revenue to address potential funding shortfalls and that the ongoing program activities not be compromised or diverted to implement the stormwater discharge program.

AIR QUALITY

Sec. 1201. The funds appropriated in section 101 for clean air act implementation and backlog reduction initiative shall not be encumbered or expended until passage of legislation establishing an air emission fee. It is

the intent of the legislature that ongoing program activities of the department, except for the backlog reduction initiative, not receive air emission fee revenue to address potential funding shortfalls and that the ongoing program activities not be compromised or diverted to implement the 1990 amendments to the clean air act.

Sec. 1202. It is the intent of the legislature that, except as otherwise provided by law, the funds appropriated in section 101 for backlog reduction initiative be used for clean air act amendment activities if the backlog is reduced prior to the end of the fiscal year.

Sec. 1203. The department shall establish a committee to review different approaches in developing a fair and equitable permanent clean air act title V fee authorization. The committee shall include a minimum of 12 outside entities representing the environmental and business community, and shall report its findings to the legislature by May 1, 1993.

Sec. 1204. The department shall report on the status of clean air act amendment implementation planning and permit backlog reduction activities on a quarterly basis. The quarterly report shall include the following: a breakdown of staff time on each clean air act amendment issue; the percent completion of each area; target dates to include revisions in the schedule and the reasons for those revisions; staffing and plans for the next quarter; progress in reducing the permit backlog; and proposed date of backlog elimination. The report shall be provided to the house and senate appropriations subcommittees on natural resources, the house and senate standing committees of the legislature that are responsible for issues pertaining to air quality, the air pollution control commission, the natural resources commission, and the governor.

Sec. 1205. Of the funds appropriated in section 101 for implementation of the clean air act, the department shall utilize the urban airshed model in southeast Michigan to develop the state implementation plan.

SURFACE WATER QUALITY

Sec. 1301. The funds appropriated in section 101 for stormwater discharge program shall not be encumbered or expended until passage of legislation establishing a stormwater discharge permit fee. It is the intent of the legislature that ongoing program activities of the department not receive stormwater discharge permit fee revenue to address potential shortfalls and that the ongoing program activities not be compromised or diverted to implement the stormwater discharge program.

Sec 1302. The department shall establish a committee to review different approaches in developing a fair and equitable stormwater discharge permit fee. The committee shall include a minimum of 12 outside entities representing the environmental and business community, and shall report its findings to the legislature by May 1, 1993.

ENVIRONMENTAL RESPONSE

Sec. 1401. (1) From the appropriation in section 101 for the Act 307 cleanup program, the department shall continue to make authorizations for site evaluation, interim response activity, final response activity, and contingencies for all environmental contamination sites and for the administration of the program created by the environmental response act, Act No. 307 of the Public Acts of 1982, being sections 299.601 to 299.618 of the Michigan Compiled Laws.

(2) The department shall report all of the following information relative to allocations made from the lines "Act 307 cleanup" and "state cleanup implementation" in section 101 to the senate and house appropriations committees and the senate and house fiscal agencies:

- (a) The name and location of the site for which an allocation is made.
- (b) The nature of the problem encountered at the site.
- (c) The estimated time necessary to prepare plans or complete any necessary study if the allocation is for plans or a study.
- (d) A brief description of how the problem will be resolved if the allocation is made for a response activity.
- (e) The estimated time to complete the response activity if the allocation is for a response activity.
- (f) The amount of the allocation.

(g) A summary of the sites and the total amount of funds expended at the sites at the conclusion of the fiscal year.

(3) The report shall be made available in January of each year.

Sec. 1402. The unexpended portion of the appropriation in section 101 for the Act 307 cleanup program and superfund cleanup projects are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451(3) of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1451 of the Michigan Compiled Laws:

(a) The purpose of the projects to be carried forward is to provide contaminated site cleanup.

(b) The projects will be accomplished by contract.

(c) The total estimated cost of all projects is identified in each line item appropriation.

(d) The tentative completion date is September 30, 1995.

Sec. 1403. (1) The department shall report all of the following information relative to site specific cooperative agreements made from the line "superfund cleanup" to the senate and house appropriations committees and the senate and house fiscal agencies:

(a) The name and location of the site for which the site specific cooperative agreement is made.

(b) The nature of the problem encountered at the site.

(c) The estimated time to prepare plans or complete any necessary study if the allocation is for plans or a study.

(d) A brief description of how the problem will be resolved if the allocation is made for a remedy.

(e) The estimated time to complete the remedy of the problem if the allocation is for a remedy.

(f) The amount of the anticipated financing for the site.

(g) A summary of the sites and the total amount of funds expended at the sites at the conclusion of the fiscal year.

(2) The report shall be made available in January of each year.

Sec. 1404.
