Sec. 7333. (1) Except as otherwise provided in this section and section 17766b, a controlled substance included in schedule 2 or an androgenic anabolic steroid as defined in section 17766a shall not be dispensed without the written prescription of a practitioner licensed under section 7303 on an official prescription form.

(2) In an emergency situation, as defined by rule of the administrator, a controlled substance included in schedule 2 or an androgenic anabolic steroid may be dispensed upon oral prescription of a practitioner if, except as otherwise provided in this section and section 17766b, the prescribing practitioner promptly fills out an official prescription form and forwards the first and second copies of the official prescription form to the dispensing pharmacy within 72 hours after the oral prescription is issued, in compliance with section 7334(6). A prescription for an androgenic anabolic steroid other than methyltestosterone, testosterone, or fluoxymesterone, whether that methyltestosterone, testosterone, or fluoxymesterone is prescribed alone, or in combination with any other drug for which an official prescription form is not required or for a controlled substance included in schedule 2 shall not be refilled. (d) A prescription issued by a practitioner residing adjacent to the land border between this state and an adjoining state who is authorized under the laws of that state to practice a health profession and whose practice may extend into this state, but who does not maintain an office or designate a place to meet patients or receive calls in this state.

(e) A prescription for methyltestosterone, testosterone, or fluoxymesterone, alone, or in combination with any other drug for which an official prescription form is not required.

(12) A person shall not knowingly use or permit the use of a commercially prepared, premixed solution of sodium pentobarbital in violation of this section.

(13) This section shall not be construed to require that a veterinarian be employed by or under contract with a dog pound or animal shelter in order to obtain, possess, or administer a commercially prepared, premixed solution of sodium pentobarbital pursuant to this section.
