7 TOTAL STATE SPENDING

8 Fiscal year 1992.....

9 TOTAL..... \$ 152,280,300.00

10 Sec. 202. The appropriations made and expenditures authorized under
 11 this act and the departments, agencies, commissions, boards, offices, and
 12 programs for which an appropriation is made under this act are subject to
 13 the management and budget act, Act No. 431 of the Public Acts of 1984,
 14 being sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

15 Sec. 203. For all projects and grant programs funded under this
 16 act, the commission of natural resources or the department of natural
 17 resources shall notify each legislator whose district is to receive a
 18 grant 7 days before the grants are announced.

19 Sec. 204. It is the intent of the legislature that the state shall
 20 make bonds issued pursuant to the environmental protection bond implemen-
 21 tation act, Act No. 328 of the Public Acts of 1988, being sections
 22 299.671 to 299.685 of the Michigan Compiled Laws, available to the citi-
 23 zens of the state by making a portion of the bonds available in denomina-
 24 tions of \$500.00 or less, and shall otherwise encourage the participation
 25 of the citizens of the state in the investment in environmental protec-
 26 tion bonds.

1 ENVIRONMENTAL RESPONSE

2 Sec. 301. The expenditure of money under this act for environmental
3 protection bond surface cleanup projects, alternative water supply
4 projects, investigations, final cleanup design projects, and final
5 cleanup projects does not preclude the use of private, federal, local, or
6 other state funds on these projects.

7 Sec. 302. (1) The commission of natural resources shall annually
8 report to the governor, the house and senate appropriations committees,
9 the house and senate appropriations subcommittees on natural resources,
10 the joint capital outlay subcommittee, the house and senate standing com-
11 mittees on natural resources, and the house and senate fiscal agencies on
12 the progress of the environmental protection bond cleanups for which
13 appropriations have been made under this act. This report shall include
14 the criteria used for site selection; a list of sites funded, including
15 the name, address, county, and telephone number of the recipient or par-
16 ticipant; bond funded actions taken at each site; other sources of funds
17 used at each site in addition to bond proceeds, including private actions
18 or responsible party actions; the amount of funds committed for each site
19 and actually expended at each site; further cleanup actions that may be
20 anticipated at each site; and other information considered pertinent by
21 the commission of natural resources.

22 (2) The annual report required under subsection (1) shall include a
23 summary of all of the sites funded, organized by the type of remedial
24 action undertaken at the site, the sources of funding for each site, the
25 amount of funds committed for each site and actually expended at each
26 site, the estimated amount of funds saved because of private actions and
27 responsible parties, and staff costs associated with each site.

1 Sec. 303. The appropriation in section 101 for environmental
2 protection bond final cleanup design projects and final cleanup projects
3 shall not be encumbered or expended until final rules are promulgated
4 under the environmental response act, Act No. 307 of the Public Acts of
5 1982, being sections 299.601 to 299.618 of the Michigan Compiled Laws.

6 Sec. 304. The appropriation in section 101 for environmental pro-
7 tection bond site reclamation loan and grant program shall not be encum-
8 bered or expended until the department has reported to the senate and
9 house appropriations subcommittees on natural resources those projects
10 that have been approved for expenditure by the commission of natural
11 resources under this program.

12 Sec. 305. The unexpended portion of the appropriation in
13 section 101 for environmental protection bond alternative municipal water
14 supply projects, surface cleanup projects, site investigations, final
15 cleanup design projects, final cleanup projects, operation and mainte-
16 nance, and the site reclamation loan and grant program shall be consid-
17 ered work projects and shall not lapse to the environmental protection
18 bond fund but continue to be available for the purposes appropriated.

19 **WASTE MANAGEMENT**

20 Sec. 401. The commission of natural resources shall annually report
21 to the governor, the house and senate appropriations committees, the
22 house and senate subcommittees on natural resources, the joint capital
23 outlay subcommittee, the house and senate standing committees on natural
24 resources, and the house and senate fiscal agencies the progress of
25 resource recovery projects for which appropriations have been made under

1 this act. This report shall include a listing of applicants for grant
2 money; the criteria used for project selection; a list of projects funded
3 including the name, address, county, and telephone number of the recipi-
4 ent or participant; bond funded actions taken on each project; other
5 sources of funds used on each project in addition to bond proceeds,
6 including private actions; the amount of funds expended for each project;
7 further actions anticipated on each project; and other information con-
8 sidered pertinent by the commission of natural resources.

9 Sec. 402. The unexpended portion of the appropriation in
10 section 101 for waste management projects shall be considered a work
11 project and shall not lapse to the environmental protection bond fund but
12 shall continue to be available for the purpose for which it was
13 appropriated.

14 CAPITAL OUTLAY

15 Sec. 501. The commission of natural resources shall annually report
16 to the governor, the house and senate appropriations committees, the
17 house and senate appropriations subcommittees on natural resources, the
18 joint capital outlay subcommittee, the house and senate standing commit-
