9 consider both the amount appropriated for each line item and the
10 sufficiency of projected sources of financing when deciding whether
11 the appropriation will last the entire fiscal year. If the director
12 of the department of management and budget concurs with the projections
13 of that department, the director shall advise the chairpersons of
14 the senate and house appropriations committees, and the chairpersons

19 (5) If both the appropriations committees disagree with the
20 conclusion of the director within 10 days, the house fiscal agency
21 and senate fiscal agency shall immediately publish estimates of whether
22 the amount appropriated, including all sources of financing assumed
23 in the appropriation, will permit that department to carry out the
24 program mandated by the legislature for the entire fiscal year.

25 (6) If the legislature does not act within 30 days after the
26 notice from the director provided in subsection (4) to reduce the

1 mandated level of service, authorize the program to end before the
