STATE ENERGY CONSERVATION

House Bill 4413

Sponsor: Rep. Gregory E. Pitoniak

Committee: Economic Development

Complete to 3-22-93

A SUMMARY OF HOUSE BILL 4413 AS INTRODUCED 3-2-93

The state building authority, according to the Michigan Manual, "is responsible for the construction and acquisition of facilities, for use by the state and its agencies, through the issuance of revenue bonds." The State Building Authority Act also grants the authority the power to improve existing facilities through restoration and renovation. The bill would amend the act to specifically empower the authority to "make energy conservation improvements."
