AIRPORT EXPANSION

House Bill 4625

Sponsor: Rep. William R. Bryant, Jr.

Committee: Transportation

Complete to 1-20-94

A SUMMARY OF HOUSE BILL 4625 AS INTRODUCED 4-20-93

The bill would amend the Aeronautics Code to prohibit a political subdivision of Michigan from accepting federal or other assistance to acquire, build or enlarge airports and other aeronautical facilities until the Department of Natural Resources completed a state environmental impact statement on the proposed project. Further, the state aeronautics commission could not release state funds for such projects until all its members had time to review the environmental impact statement. The environmental impact statement would have to include an analysis of the impact of the proposed project on noise, air, water, ground pollution, or other environmental factors that could affect health, safety, or property values.
