## 16-FOOT-WIDE MOBILE HOMES

House Bill 4683 (Substitute H-1)  
Sponsor: Rep. Glenn Oxender  
Committee: Transportation

Complete to 5-27-93

### A SUMMARY OF HOUSE BILL 4683 (SUBSTITUTE H-1) AS INTRODUCED 4-29-93

The Michigan Vehicle Code currently allows mobile homes up to 16 feet in width to be transported anywhere in the state until December 31, 1993. The bill would delete this sunset and, thus, would permanently allow up to 16-foot-wide mobile homes to be transported anywhere in the state. The bill also would delete language requiring the Department of Transportation to contract for a study on the mobility, turning ability and transporting of mobile homes that are more than 14 and one-third feet wide plus normal appurtenances that extend no more than six inches, and eaves that are not more than two feet wide. (This study was completed in the fall of 1992.)

MCL 257.719a and 257.719b
