A SUMMARY OF HOUSE BILL 6053 AS INTRODUCED 9-11-96

Provisions of the Public Health Code require the Department of Community Health (formerly the Department of Public Health) to visit each licensed health facility or agency at least annually for the purposes of survey, evaluation, and consultation. House Bill 6053 would require that at least one member of a team conducting a survey, evaluation, and consultation visit have at least one year's experience working in a licensed nursing home in the state.
