House Bill 4571 (as reported without amendment)  
Sponsor: Representative William Bobier  
House Committee: Health Policy  
Senate Committee: Health Policy and Senior Citizens

### **CONTENT**

The bill would amend the Public Health Code to provide that a “commercial fishing guide service” would not be considered a food service establishment, under certain conditions (and therefore would be exempt from the Code’s licensing, sanitation, and inspection requirements placed on food service establishments).

Under the bill, a food service establishment would not include a commercial fishing guide service that served lunch to a party of not more than 12 clients on or adjacent to a body of water, river, or stream while pursuing, capturing, catching, killing, taking, or attempting to take fish. A commercial fishing guide service would be a service provided for a fee or other consideration of value, regardless of whether the fee or consideration was paid directly or indirectly, to assist another person in pursuing or catching fish.

MCL 333.12901

Legislative Analyst: G. Towne

### **FISCAL IMPACT**

The bill would have no fiscal impact on State or local government.

Date Completed: 5-26-95
