

Act No. 1
Public Acts of 1996
Approved by the Governor
January 29, 1996
Filed with the Secretary of State
January 30, 1996

**STATE OF MICHIGAN
88TH LEGISLATURE
REGULAR SESSION OF 1996**

Introduced by Rep. Munsell

ENROLLED HOUSE BILL No. 5126

AN ACT to amend sections 3, 9, 10, and 14 of Act No. 198 of the Public Acts of 1974, entitled "An act to provide for the establishment of plant rehabilitation districts and industrial development districts in local governmental units; to provide for the exemption from certain taxes; to levy and collect a specific tax upon the owners of certain facilities; to provide for the disposition of the tax; to provide for the obtaining and transferring of an exemption certificate and to prescribe the contents of those certificates; to prescribe the powers and duties of the state tax commission and certain officers of local governmental units; and to provide penalties," sections 3 and 10 as amended by Act No. 417 of the Public Acts of 1982, section 9 as amended by Act No. 218 of the Public Acts of 1995, and section 14 as amended by Act No. 266 of the Public Acts of 1994, being sections 207.553, 207.559, 207.560, and 207.564 of the Michigan Compiled Laws.

The People of the State of Michigan enact:

Section 1. Sections 3, 9, 10, and 14 of Act No. 198 of the Public Acts of 1974, sections 3 and 10 as amended by Act No. 417 of the Public Acts of 1982, section 9 as amended by Act No. 218 of the Public Acts of 1995, and section 14 as amended by Act No. 266 of the Public Acts of 1994, being sections 207.553, 207.559, 207.560, and 207.564 of the Michigan Compiled Laws, are amended to read as follows:

Sec. 3. (1) "Plant rehabilitation district" means an area of a local governmental unit established as provided in section 4.

(2) "Industrial development district" means an area established by a local governmental unit as provided in section 4.

(3) "Industrial facility tax" means the specific tax levied under this act.

(4) "Industrial facilities exemption certificate" means a certificate issued pursuant to sections 5, 6, and 7.

(5) "Replacement" means the complete or partial demolition of obsolete industrial property and the complete or partial reconstruction or installation of new property of similar utility.

(6) "Restoration" means changes to obsolete industrial property other than replacement as may be required to restore the property, together with all appurtenances to the property, to an economically efficient functional condition. Restoration does not include delayed maintenance or the substitution or addition of tangible personal property without major renovation of the industrial property. A program involving expenditures for changes to the industrial property improvements aggregating less than 10% of the true cash value at commencement of the restoration of the industrial property improvements is delayed maintenance. Restoration includes major renovation including but not necessarily limited to the improvement of floor loads, correction of deficient or excessive height, new or improved building equipment, including heating, ventilation, and lighting, reducing multistory facilities to 1 or 2 stories, improved structural support including foundations, improved roof structure and cover, floor replacement, improved wall placement, improved exterior and interior appearance of buildings, improvements or modifications of machinery and equipment to improve efficiency, decrease operating costs, or to increase productive capacity, and other physical changes as may be required to restore the industrial property to an economically efficient functional condition, and shall include land and building improvements and other tangible personal property incident to the improvements.

(7) "State equalized valuation" means the valuation determined under Act No. 44 of the Public Acts of 1911, being sections 209.1 to 209.8 of the Michigan Compiled Laws.

(8) "Speculative building" means a new building that meets all of the following criteria and the machinery, equipment, furniture, and fixtures located in the new building:

(a) The building is owned by, or approved as a speculative building by resolution of, a local governmental unit in which the building is located or the building is owned by a development organization and located in the district of the development organization.

(b) The building is constructed for the purpose of providing a manufacturing facility before the identification of a specific user of that building.

(c) The building does not qualify as a replacement facility.

(9) "Development organization" means any economic development corporation, downtown development authority, tax increment financing authority, or an organization under the supervision of and created for economic development purposes by a local governmental unit.

(10) "Manufacturing facility" means buildings and structures, including the machinery, equipment, furniture, and fixtures located therein, the primary purpose of which is 1 or more of the following:

(a) The manufacture of goods or materials or the processing of goods and materials by physical or chemical change.

(b) The provision of research and development laboratories of companies whether or not the company manufactures the products developed from their research activities.

(11) "Taxable value" means that value determined under section 27a of the general property tax act, Act No. 206 of the Public Acts of 1893, being section 211.27a of the Michigan Compiled Laws.

Sec. 9. (1) The legislative body of the local governmental unit, in its resolution approving an application, shall set forth a finding and determination that the granting of the industrial facilities exemption certificate, considered together with the aggregate amount of industrial facilities exemption certificates previously granted and currently in force, shall not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of a taxing unit that levies an ad valorem property tax in the local governmental unit in which the facility is located or to be located. If the state equalized valuation of property proposed to be exempt pursuant to an application under consideration, considered together with the aggregate state equalized valuation of property exempt under certificates previously granted and currently in force, exceeds 5% of the state equalized valuation of the local governmental unit, the commission, with the approval of the state treasurer, shall make a separate finding and shall include a statement in the order approving the industrial facilities exemption certificate that exceeding that amount shall not have the effect of substantially impeding the operation of the local governmental unit or impairing the financial soundness of an affected taxing unit.

(2) Except for an application for a speculative building, which is governed by subsection (4), the legislative body of the local governmental unit shall not approve an application and the commission shall not grant an industrial facilities exemption certificate unless the applicant complies with all of the following requirements:

(a) The commencement of the restoration, replacement, or construction of the facility occurred not earlier than 12 months before the filing of the application for the industrial facilities exemption certificate. If the application is not filed within the 12-month period, the application may be filed within the succeeding 12-month period and the industrial facilities exemption certificate shall in this case expire 1 year earlier than it would have expired if the application had been timely filed. This subdivision does not apply for applications filed with the local governmental unit after December 31, 1983.

(b) For applications made after December 31, 1983, the proposed facility shall be located within a plant rehabilitation district or industrial development district that was duly established in a local governmental unit eligible under this act to establish a district and that was established upon a request filed or by the local governmental unit's own initiative taken before the commencement of the restoration, replacement, or construction of the facility.

(c) For applications made after December 31, 1983, the commencement of the restoration, replacement, or construction of the facility occurred not earlier than 6 months before the filing of the application for the industrial facilities exemption certificate.

(d) The application relates to a construction, restoration, or replacement program that when completed constitutes a new or replacement facility within the meaning of this act and that shall be situated within a plant rehabilitation district or industrial development district duly established in a local governmental unit eligible under this act to establish the district.

(e) Completion of the facility is calculated to, and will at the time of issuance of the certificate have the reasonable likelihood to create employment, retain employment, prevent a loss of employment, or produce energy in the community in which the facility is situated.

(f) Completion of the facility shall not have the effect of transferring employment from 1 or more local governmental units of the state to the local governmental unit in which the facility is to be located, except that this restriction does not prevent the granting of a certificate if the legislative body of each local governmental unit from which employment is to be transferred consents by resolution to the granting of the certificate. If the local governmental unit does not give its consent, a copy of the resolution of denial showing reasons for the denial shall be filed within 20 days after adoption with the department of commerce.

(g) Completion of the facility does not constitute merely the addition of machinery and equipment for the purpose of increasing productive capacity but rather is primarily for the purpose and will primarily have the effect of restoration, replacement, or updating the technology of obsolete industrial property. An increase in productive capacity, even though significant, is not an impediment to the issuance of an industrial facilities exemption certificate if other criteria in this section and act are met. This subdivision does not apply to a new facility.

(h) The provisions of subdivision (c) do not apply to a new facility located in an existing industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in April of 1992 if the application was approved by the local governing body and was denied by the state tax commission in April of 1993.

(i) The provisions of subdivisions (b) and (c) and section 4(3) do not apply to 1 or more of the following:

(i) A facility located in an industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in October 1995 for construction that was commenced in July 1992 in a district that was established by the legislative body of the local governmental unit in July 1994. An industrial facilities exemption certificate described in this subparagraph shall expire as provided in section 16(3).

(ii) A facility located in an industrial development district that was established in January 1994 and was owned by a person who filed an application for an industrial facilities exemption certificate in February 1994 if the personal property and real property portions of the application were approved by the legislative body of the local governmental unit and the personal property portion of the application was approved by the state tax commission in December 1994 and the real property portion of the application was denied by the state tax commission in December 1994. An industrial facilities exemption certificate described in this subparagraph shall expire as provided in section 16(3).

(iii) A facility located in an industrial development district that was established in December 1995 and was owned by a person who filed an application for an industrial facilities exemptions certificate in November or December 1995 for construction that was commenced in September 1995.

(j) The provisions of subdivision (c) do not apply to any of the following:

(i) A new facility located in an existing industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in October 1993 if the application was approved by the legislative body of the local governmental unit and the real property portion of the application was denied by the state tax commission in December 1993.

(ii) A new facility located in an existing industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in September 1993 if the personal property portion of the application was approved by the legislative body of the local governmental unit and the real property portion of the application was denied by the legislative body of the local governmental unit in October 1993 and subsequently approved by the legislative body of the local governmental unit in September 1994.

(iii) A facility located in an existing industrial development district owned by a person who filed an application for an industrial facilities exemption certificate in August 1993 if the application was approved by the local governmental unit in September 1993 and the application was denied by the state tax commission in December 1993.

(3) If the replacement facility when completed will not be located on the same premises or contiguous premises as the obsolete industrial property, then the applicant shall make provision for the obsolete industrial property by demolition, sale, or transfer to another person with the effect that the obsolete industrial property shall within a reasonable time again be subject to assessment and taxation under the general property tax act, Act No. 206 of the Public Acts of 1893, being sections 211.1 to 211.157 of the Michigan Compiled Laws, or be used in a manner consistent with the general purposes of this act, subject to approval of the commission.

(4) The legislative body of the local governmental unit shall not approve an application and the commission shall not grant an industrial facilities exemption certificate that applies to a speculative building unless the speculative building is or is to be located in a plant rehabilitation district or industrial development district duly established by a local governmental unit eligible under this act to establish a district; the speculative building was constructed less than 9 years before the filing of the application for the industrial facilities exemption certificate; the speculative building has not been occupied since completion of construction; and the speculative building otherwise qualifies under subsection (2)(e) and (f) for an industrial facilities exemption certificate. An industrial facilities exemption certificate granted under this subsection shall expire as provided in section 16(3).

(5) Not later than September 1, 1989, the commission shall provide to all local assessing units the name, address, and telephone number of the person on the commission staff responsible for providing procedural information concerning

this act. After October 1, 1989, a local unit of government shall notify each prospective applicant of this information in writing.

Sec. 10. (1) The assessor of each city or township in which there is a speculative building, new facility, or replacement facility with respect to which 1 or more industrial facilities exemption certificates have been issued and are in force shall determine annually as of December 31 the value and taxable value of each facility separately, both for real and personal property, having the benefit of a certificate.

(2) The assessor, upon receipt of notice of the filing of an application for the issuance of a certificate, shall determine and furnish to the local legislative body and the commission the value of the property to which the application pertains and other information as may be necessary to permit the local legislative body and the commission to make the determinations required by section 9(1).

Sec. 14. (1) The amount of the industrial facility tax, in each year for a replacement facility, shall be determined by multiplying the total mills levied as ad valorem taxes for that year by all taxing units within which the facility is situated by the taxable value of the real and personal property of the obsolete industrial property for the tax year immediately preceding the effective date of the industrial facilities exemption certificate after deducting the taxable value of the land and of the inventory as specified in section 19.

(2) The amount of the industrial facility tax, in each year for a new facility or a speculative building for which an industrial facilities exemption certificate became effective before January 1, 1994, shall be determined by multiplying the taxable value of the facility excluding the land and the inventory personal property by the sum of 1/2 of the total mills levied as ad valorem taxes for that year by all taxing units within which the facility is located other than mills levied for school operating purposes by a local school district within which the facility is located or mills levied under the state education tax act, Act No. 331 of the Public Acts of 1993, being sections 211.901 to 211.906 of the Michigan Compiled Laws, plus 1/2 of the number of mills levied for local school district operating purposes in 1993.

(3) The amount of the industrial facility tax in each year for a new facility or a speculative building for which an industrial facilities exemption certificate becomes effective after December 31, 1993, shall be determined by multiplying the taxable value of the facility excluding the land and the inventory personal property by the sum of 1/2 of the total mills levied as ad valorem taxes for that year by all taxing units within which the facility is located other than mills levied under the state education tax act, plus, subject to section 14a, the number of mills levied under Act No. 331 of the Public Acts of 1993.

(4) For a termination or revocation of only the real property component, or only the personal property component, of an industrial facilities exemption certificate as provided in this act, the valuation and the tax determined using that valuation shall be reduced proportionately to reflect the exclusion of the component with respect to which the termination or revocation has occurred.

Section 2. This amendatory act shall take effect December 30, 1995.

This act is ordered to take immediate effect.

Clerk of the House of Representatives.

Secretary of the Senate.

Approved _____

Governor.
