STATE OF MICHIGAN
88TH LEGISLATURE
REGULAR SESSION OF 1995

Introduced by Senators Koivisto and Dunaskiss

ENROLLED SENATE BILL No. 413

AN ACT to amend section 1 of Act No. 184 of the Public Acts of 1943, entitled as amended "An act to provide for the establishment in townships of zoning districts within which the proper use of land and natural resources may be encouraged or regulated by ordinance, and for which districts provisions may also be adopted designating the location of, the size of, the uses that may be made of, the minimum open spaces, sanitary, safety, and protective measures that shall be required for, and the maximum number of families that may be housed in dwellings, buildings, and structures, including tents and trailer coaches, that are erected or altered; to designate the use of certain state licensed residential facilities; to provide for a method for the adoption of ordinances and amendments to ordinances; to provide for emergency interim ordinances; to provide for the acquisition by purchase, condemnation, or otherwise of nonconforming property; to provide for the administering of ordinances adopted; to provide for conflicts with other acts, ordinances, or regulations; to provide sanctions for violations; to provide for the assessment, levy, and collection of taxes; to provide for the collection of fees for building permits; to provide for petitions, public hearings, and referenda; to provide for appeals; and to provide for the repeal of acts in conflict with this act," being section 125.271 of the Michigan Compiled Laws.

The People of the State of Michigan enact:

Section 1. Section 1 of Act No. 184 of the Public Acts of 1943, being section 125.271 of the Michigan Compiled Laws, is amended to read as follows:

Sec. 1. (1) The township board of an organized township in this state may provide by zoning ordinance for the regulation of land development and the establishment of districts in the portions of the township outside the limits of cities and villages which regulate the use of land and structures; to meet the needs of the state's citizens for food, fiber, energy, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land; to insure that use of the land shall be situated in appropriate locations and relationships; to limit the inappropriate overcrowding of land and congestion of population, transportation systems, and other public facilities; to facilitate adequate and efficient provision for transportation systems, sewage disposal, water, energy, education, recreation, and other public service and facility requirements; and to promote public health, safety, and welfare. For these purposes, the township board may divide the township into districts of such number, shape, and area as it considers best suited to carry out this act. The township board of an organized township may use this act to provide by ordinance for the regulation of land development and the establishment of districts which apply only to land areas and activities which are involved in a special program to achieve specific land management objectives and avert or solve specific land use problems, including the regulation of land development and the establishment of districts in areas subject to damage from flooding or beach erosion, and for that purpose may divide the township into districts of a number, shape, and area considered best suited to accomplish those objectives. Ordinances regulating land development may also be adopted designating or limiting the location, the height, number of stories, and size of dwellings, buildings, and structures that

may be erected or altered, including tents and trailer coaches, and the specific uses for which dwellings, buildings, and structures, including tents and trailer coaches, may be erected or altered; the area of yards, courts, and other open spaces, and the sanitary, safety, and protective measures that shall be required for the dwellings, buildings, and structures, including tents and trailer coaches; and the maximum number of families which may be housed in buildings, dwellings, and structures, including tents and trailer coaches, erected or altered. The provisions shall be uniform for each class of land or buildings, dwellings, and structures, including tents and trailer coaches, throughout each district, but the provisions in 1 district may differ from those in other districts. A township board shall not regulate or control the drilling, completion, or operation of oil or gas wells, or other wells drilled for oil or gas exploration purposes and shall not have jurisdiction with reference to the issuance of permits for the location, drilling, completion, operation, or abandonment of those wells. The jurisdiction relative to wells shall be vested exclusively in the supervisor of wells of this state, as provided in Act No. 61 of the Public Acts of 1939, being sections 319.1 to 319.27 of the Michigan Compiled Laws.

(2) An ordinance adopted pursuant to this act is subject to the electric transmission line certification act.

Section 2. This amendatory act shall not take effect unless Senate Bill No. 408 of the 88th Legislature is enacted into law.

This act is ordered to take immediate effect.

Secretary of the Senate.

Clerk of the House of Representatives.

Approved -----

Governor.
