Senate Bill 152 (Substitute S-2 as reported)  
Sponsor: Senator Leon Stille  
Committee: Health Policy and Senior Citizens

### **CONTENT**

The bill would amend the Nonprofit Health Care Corporation Reform Act, which governs Blue Cross and Blue Shield of Michigan, to provide that a health care corporation certificate that required a member to designate a participating primary care provider and provided for annual well-woman examinations and routine obstetrical and gynecologic services, would have to permit a female member to have access to an obstetrician-gynecologist (OB-GYN) for those examinations and services. A health care corporation could not require prior authorization or referral for access under the bill to an OB-GYN who participated with the health care corporation, but could require prior authorization or referral for access to a nonparticipating OB-GYN.

The bill would take effect on October 1, 1998.

Proposed MCL 550.1401f

Legislative Analyst: P. Affholter

### **FISCAL IMPACT**

The bill would have no fiscal impact on State or local government.

Date Completed: 4-30-98

Fiscal Analyst: J. Walker
