12 tor or his or her designee shall advise the judge of competent  
13 jurisdiction for each application and shall coordinate any subse-

20 and have failed.

21 (ii) The time period for which the interception must be

26 establishing probable cause to believe additional communications  
27 of the same type will occur after that time.

1       (iii) The legitimate investigative objective to be achieved  
2 by the interception.

3       (iv) The facts concerning all previous applications known to

2 submitted by the applicant:

3 (a) Probable cause exists to believe an individual is com-  
4 mitting, has committed, or is about to commit a particular  
5 offense described in section 7.

6 (b) Probable cause exists to believe the facilities from  
7 which, or the place where, the wire, oral, or electronic communi-

25 (c) A particular description of the type of communication  
26 sought to be intercepted and a statement of the particular  
27 offense to which it relates.

1 (d) The legitimate investigative objective for which  
2 authorization to intercept is granted.

3 (e) The agency authorized to intercept the communication and  
4 the person authorizing the application.

5 (f) The time period during which interception is authorized  
6 or approved, including a statement as to whether interception  
7 shall automatically terminate when the described communication  
8 has been obtained.

9 (5) If the application states that specific information,  
10 facilities, or technical assistance is needed from a particular  
11 person to accomplish the interception unobtrusively and with min-  
12 imum interference with the services that person is according a  
13 person whose communications are to be intercepted, the order  
14 authorizing the interception shall direct the particular person  
15 to immediately furnish the information, facilities, or technical  
16 assistance specified in the order to the applicant. The order  
17 shall specify the time period during which the person is required  
18 to provide information, facilities, or technical assistance. The  
19 agency conducting the interception shall compensate the person  
20 furnishing facilities or technical assistance for reasonable  
21 expenses incurred in providing the facilities or assistance. A  
22 person is not civilly liable for providing information, facili-  
23 ties, or assistance under this subsection.

24 (6) An order entered under this section shall not authorize  
25 or approve the interception of a wire, oral, or electronic commu-  
26 nication for longer than the time necessary to achieve the  
27 authorized investigative objective or 30 days, whichever is

1 earlier. The period begins on the day an investigative or law  
2 enforcement officer first begins to conduct an interception under  
3 the order or 10 days after the order is entered, whichever is  
4 earlier. The judge may grant extensions of an order only upon  
5 application for an extension in accordance with subsections (1)  
6 and (3). The extension period shall not be longer than the time  
7 the judge determines is necessary to achieve the purposes for  
8 which the order was granted or 30 days, whichever is earlier.  
9 Only 2 extensions of an order may be granted. After the second  
10 extension of an order terminates, an investigative or law  
11 enforcement officer may apply for and be granted an order autho-  
12 rizing the interception of a wire, oral, or electronic communica-  
13 tion based on the information contained in the application for  
14 the terminated order only if the new application includes new  
15 evidence, in addition to that described in the previous applica-  
16 tion, justifying the officer's belief that an order should be  
17 issued.

18 (7) Each order and extension shall provide that the authori-  
19 zation to intercept be executed as soon as practicable, be con-  
20 ducted so as to minimize the interception of communications not  
21 otherwise subject to interception under this act, and terminate  
22 when the authorized objective is obtained or, in any event, after  
23 not more than 30 days.

24 (8) An order authorizing interception under this act shall  
25 require reports to the judge who issued the order showing the  
26 progress made toward achieving the authorized objective and any

1 need for continued interception. The reports shall be made  
2 weekly or at shorter intervals as the judge requires.

3 (9) The contents of a wire, oral, or electronic communica-  
4 tion intercepted as authorized by this act shall be recorded on  
5 tape or by a comparable recording device. Recording under this  
6 subsection shall be done in a way that protects the recording  
7 from editing or other alterations. When an order or extension  
8 expires, all recordings shall immediately be made available to  
9 the judge issuing the order and sealed under his or her  
10 directions. Custody of the recordings shall be where the judge  
11 orders. The recordings shall not be destroyed except upon order  
12 of the judge or his or her successor, but shall be retained for  
13 at least 10 years. Duplicate recordings may be made for use or  
14 disclosure of contents or evidence under section 6(1) for  
15 investigations. The presence of the seal or a satisfactory  
16 explanation for its absence is a prerequisite for use or disclo-  
17 sure of contents or evidence under section 6(2).

18 (10) The judge shall seal applications made and orders  
19 granted under this act. Custody of the applications and orders  
20 shall be where the judge directs. The applications and orders  
21 shall be disclosed only upon a showing of good cause before a  
22 judge of competent jurisdiction. The applications and orders  
23 shall not be destroyed except on order of the judge or his or her  
24 successor, but shall be retained for at least 10 years.

25 (11) Within a reasonable time, but not later than 90 days  
26 after an order or extension terminates, the judge shall cause an  
27 inventory to be served on the persons named in the order and on

1 other parties to intercepted communications as the judge  
2 determines is in the interest of justice. The inventory shall  
3 include notice of all of the following:

4 (a) Entry of the order.

5 (b) The date the order was entered and the period of autho-  
6 rized or approved interception.

7 (c) The fact that during the period wire, oral, or elec-  
8 tronic communications were or were not intercepted.

9 (12) If a person given an inventory under subsection (11)  
10 files a motion and serves a copy of the motion on the law  
11 enforcement agency described in subsection (11) and other parties  
12 as required by law, the judge shall make available to the person  
13 or his or her attorney for inspection the portions of the inter-  
14 cepted communications to which the person was a party and the  
15 portions of the applications and orders pertaining to communica-  
16 tions to which the person was a party.

17 (13) The contents of a wire, oral, or electronic communica-  
18 tion intercepted under this act or evidence derived from the com-  
19 munication shall not be received in evidence or otherwise dis-  
20 closed in a trial, hearing, preliminary examination, or other  
21 proceeding in a court unless each party has been furnished with a  
22 copy of the application and order authorizing or approving the  
23 interception before the preliminary examination or not less than  
24 21 days before the trial, hearing, or other proceeding.

25 (14) An aggrieved person in a trial, hearing, preliminary  
26 examination, or other proceeding before a court, grand jury,  
27 tribunal, department or regulatory agency, legislative committee,

1 or other authority of this state or a political subdivision may  
2 move to suppress the contents of a wire, oral, or electronic com-  
3 munication intercepted under this act or evidence derived from  
4 the communication on 1 or more of the following grounds:

5 (a) The communication was unlawfully intercepted.

6 (b) The order of authorization or approval under which the  
7 communication was intercepted is insufficient on its face.

8 (c) The interception was not in conformity with the order of  
9 authorization or approval.

10 (15) A motion to suppress under subsection (14) shall be  
11 made before the trial, hearing, preliminary examination, or other  
12 proceeding unless there is no opportunity to make the motion  
13 before the trial, hearing, preliminary examination, or other pro-  
14 ceeding or the aggrieved person making the motion is not aware of  
15 the grounds of the motion before the trial, hearing, preliminary  
16 examination, or other proceeding. If the aggrieved person files  
17 a motion, the judge may make available to the aggrieved person or  
18 his or her attorney for inspection any portion of the intercepted  
19 communication or evidence derived from the intercepted communica-  
20 tion that the judge determines is in the interests of justice.  
21 If the judge grants the motion to suppress under subsection (14),  
22 the intercepted wire, oral, or electronic communication or evi-  
23 dence derived from the communication shall be treated as having  
24 been obtained in violation of this act.

25 (16) The prosecutor may appeal an order granting a motion to  
26 suppress under subsection (14) or the denial of an application  
27 for an order of approval if the prosecutor certifies to the judge

1 or other official granting the motion or denying the application  
2 that the appeal is not taken for delay. The prosecutor shall  
3 take the appeal within 30 days after the order granting the  
4 motion to suppress is entered or the application is denied and  
5 shall prosecute it diligently.

6 (17) A violation of subsection (9) or (10) may be punished  
7 as contempt of the court that approved or denied the application  
8 for interception.

9 Sec. 9. (1) Within 30 days after an order or extension  
10 entered under section 8 expires or the judge denies an order  
11 authorizing or approving interception of a wire, oral, or elec-  
12 tronic communication, the judge shall report all of the following  
13 information to the administrative office of the United States  
14 courts and to the department of state police:

15 (a) The fact that an order or extension was applied for.

16 (b) The kind of order or extension applied for.

18 for, modified, or denied.

2 report to the administrative office of the United States courts  
3 all of the following:

4           (a) The information required by subsection (1) with respect  
5 to each application for an order or extension authorizing or

9 each order or extension described in subdivision (a), including  
10 all of the following:

12 communications intercepted.

14 cations intercepted.

15           (iii) The approximate number of persons whose communications  
16 were intercepted.

17           (iv) The approximate nature, amount, and cost of the man-

10 state police shall report to the attorney general, senate, house  
11 of representatives, and governor all of the information regarding  
12 applications, orders, and interceptions of wire, oral, or elec-  
13 tronic communications required under subsection (2).

14           Sec. 10. The director of the department of state police  
15 shall establish a course of training in the legal and technical  
16 aspects of intercepting wire, oral, or electronic communications,  
17 regulations he or she finds necessary or appropriate for the  
18 training program, and minimum standards for the certification and  
19 periodic recertification of investigative or law enforcement  
20 officers eligible to intercept wire, oral, or electronic communi-  
21 cations under this act. The director of the department of state  
22 police shall charge each officer who enrolls in this training  
23 program a reasonable enrollment fee to offset the costs of  
24 training.

25           Sec. 11. An officer, employee, or agent of an electronic

5 authorized by court order, the prosecuting attorney shall immedi-  
6 ately inform the person whose wire, oral, or electronic communi-  
7 cation was intercepted or intended to be intercepted of the  
8 device's existence. This section does not diminish or excuse any  
9 obligation of the prosecuting attorney, the officer, employee, or  
10 agent of the electronic communication service provider, or any  
11 other person to remove the device or to take any other actions  
12 required by law, regulation, or policy.
