(ii) Tax increment revenues include ad valorem property taxes and specific local taxes attributable to the application of the levy of the state pursuant to the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, and local or intermediate school districts upon the captured assessed value of real and personal property in the development area in an amount equal to the amount necessary, without regard to subparagraph (i), to repay eligible advances, eligible obligations, and other protected obligations.

(A) The percentage which the total ad valorem taxes and specific local taxes available for distribution by law to the state, local school district, or intermediate school district, respectively, bear to the aggregate amount of ad valorem millage taxes and specific taxes available for distribution by law to the state, each local school district, and each intermediate school district.

(B) The maximum amount of ad valorem property taxes and specific local taxes considered tax increment revenues under subparagraph (ii).

Sec. 12a. (2) Not less than 30 days before the first day of a fiscal year, an authority eligible to retain tax increment revenues from taxes levied by a local or intermediate school district or this state, or to receive a distribution under this section for that fiscal year shall file a claim with the department of treasury. The claim shall include the following information:

(a) The property tax millage rates levied in 1993 by local school districts within the jurisdictional area of the authority for school operating purposes.

(b) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(c) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(d) The tax increment revenues the authority estimates it would have received for that fiscal year if property taxes were levied by local school districts within the jurisdictional area of the authority for school operating purposes at the millage rates described in subdivision (a) and if no property taxes were levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(e) A list and documentation of eligible obligations and eligible advances and the payments due on each of those eligible obligations or eligible advances in that fiscal year, and the total amount of all the payments due on those eligible obligations and eligible advances in that fiscal year.

(f) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation or the repayment of an eligible advance. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall

include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development project.

(g) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(h) A list and documentation of other protected obligations and the payments due on each of those other protected obligations in that fiscal year, and the total amount of all the payments due on those other protected obligations in that fiscal year.

(3) For the fiscal year that commences after September 30, 1993 and before October 1, 1994, an authority may make a claim with all information required by subsection (2) at any time after March 15, 1994.

(4) After review and verification of claims submitted pursuant to this section, amounts appropriated by the state in compliance with this act shall be distributed as 2 equal payments on March 1 and September 1 after receipt of a claim. An authority shall allocate a distribution it receives for an eligible obligation issued on behalf of a municipality to the municipality.

(5) Subject to subsections (6) and (7), the aggregate amount to be appropriated and distributed pursuant to this section to an authority shall be the sum of the amounts determined pursuant to subdivisions (a) and (b) minus the amount determined pursuant to subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received for the fiscal year, if property taxes were levied by local school districts on property, including property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated, for school operating purposes at the millage rates described in subsection (2)(a) and if no property taxes were levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, exceed the sum of tax increment revenues the authority actually received for the fiscal year plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(b) A shortfall required to be reported pursuant to subsection (2)(g) that had not previously increased a distribution.

(c) An excess amount required to be reported pursuant to subsection (2)(g) that had not previously decreased a distribution.

(6) The amount distributed under subsection (5) shall not exceed the difference between the amount described in subsection (2)(e) and the sum of the amounts described in subsection (2)(c) and (f).

(7) If, based upon the tax increment financing plan in effect on August 19, 1993, the payment due on eligible obligations or eligible advances anticipates the use of excess prior year tax increment revenues permitted by law to be retained by the authority, and if the sum of the amounts described in subsection (2)(c) and (f) plus the amount to be distributed under subsections (5) and (6) is less than the amount described in subsection (2)(e), the amount to be distributed under subsections (5) and (6) shall be increased by the amount of the shortfall. However, the amount authorized to be distributed pursuant to this section shall not exceed that portion of the cumulative difference, for each preceding fiscal year, between the amount that could have been distributed pursuant to subsection (5) and the amount actually distributed pursuant to subsections (5) and (6) and this subsection.

(8) A distribution under this section replacing tax increment revenues pledged by an authority or a municipality is subject to the lien of the pledge, whether or not there has been physical delivery of the distribution.

(9) Obligations for which distributions are made pursuant to this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(10) Not later than July 1 of each year, the authority shall certify to the local tax collecting treasurer the amount of the distribution required under subsection (5), calculated without regard to the receipt of tax increment revenues attributable to local or intermediate school district taxes or attributable to taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(11) Calculations of distributions under this section and claims reports required to be made under subsection (2) shall be made on the basis of each development area of the authority.

(12) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

Enacting section 1. The provisions of section 1 and section 12a, as amended by this amendatory act, are retroactive and effective for taxes levied after 1993.

This act is ordered to take immediate effect.
