The People of the State of Michigan enact:

Sec. 39c. (1) For tax years that begin after December 31, 1998 and before January 1, 2003, a qualified taxpayer may credit against the tax imposed by this act the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of a historic resource pursuant to a rehabilitation plan for 1 of the following time periods:

(a) The year in which the rehabilitated historic resource is placed in service.

(b) The year in which a final payment of qualified expenditures is made if the project is a phased project and construction is planned for 2 to 5 years.

(2) The credit allowed under this section shall be 25% of the qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or 25% of the qualified expenditures that are eligible for the credit under this act if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code.

(b) A credit under this section shall be reduced by the amount of a credit received by the taxpayer for the same qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under this section, the taxpayer shall apply to and receive from the Michigan historical center certification that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

- (i) The historic resource contributes to the significance of the historic district in which it is located.
 - (ii) Both the rehabilitation plan and completed rehabilitation of the historic resource meet the federal secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, 36 C.F.R. 67.
 - (iii) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the property.
- (b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.
- (4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the center to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.
- (5) The center may inspect a historic resource at any time during the rehabilitation process and may revoke certification if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The center shall promptly notify the department of a revocation.
- (6) Qualified expenditures for the rehabilitation of a historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):
- (a) The resource is 1 of the following during the tax year in which a credit under this section is claimed for those qualified expenditures:
 - (i) Individually listed on the national register of historic places or state register of historic sites.

 - (b) The resource meets 1 of the following criteria during the tax year in which a credit under this section is claimed for those qualified expenditures:
 - (i) The historic resource is located in a designated historic district in a local unit of government with an existing ordinance under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215.

 - (iii) The historic resource is located in an unincorporated local unit of government.
- (7) If the credit allowed under this section for the tax year and any unused carryforward of the credit allowed by this section exceed the taxpayer's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first.
- (8) If the taxpayer sells a historic resource for which a credit under this section was claimed less than 5 years after the year in which the credit was claimed, the following percentage of the credit amount previously claimed relative to that resource shall be added back to the tax liability of the taxpayer in the year of the sale:
- (a) If the sale is less than 1 year after the year in which the credit was claimed, 100%.
 - (b) If the sale is at least 1 year but less than 2 years after the year in which the credit was claimed, 80%.
 - (c) If the sale is at least 2 years but less than 3 years after the year in which the credit was claimed, 60%.
 - (d) If the sale is at least 3 years but less than 4 years after the year in which the credit was claimed, 40%.

- (9) The department of state through the Michigan historical center may impose a fee to cover the administrative cost of implementing the program under this section.
- (10) A person that claims a credit under this section shall not report the credit amount on the person's annual return filed under this act, but shall claim the credit on a separate form prescribed by the department. The taxpayer shall attach the certificate of completed work and certificate of historic significance related to the historic resource and the qualified expenditures used to claim a credit under this section to the form on which the credit is claimed.

(11) Within 6 months after the effective date of the amendatory act that added this section, the department of state shall submit rules to implement this section for public hearing pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(12) The total of the credits claimed by a taxpayer under this section and section 266 of the income tax act of 1967, 1967 PA 281, MCL 206.266, shall not exceed the total qualified expenditures eligible for the credit under this section of the taxpayer.
