A SUMMARY OF HOUSE BILL 6027 AS INTRODUCED 9-28-00

The bill would amend the Fire Prevention Code to require the state fire marshal to investigate cases in which a demonstration fire results in the injury or death of an individual who is not a firefighter. The state fire marshal would also have to prepare a report of the investigation. "Demonstration fire" would be defined as a fire that was intentionally set by a fire department for training or other legitimate purposes.
