- 1. **Operations.** The Governor recommended a 2.5% increase in the base funding level for Community College operations distributed as 1.25% across-the-board and 1.25% according to the Gast-Mathieu funding formula. The House concurred in the Governor's recommendation. The Senate Subcommittee recommendation would distribute the Tuition Restraint Incentive Grant monies into the base for operations, and add an additional \$2,746,561 for a total increase of 5.0%. The Governor, House, and Senate Subcommittee recommended continuation level funding with funds reallocated based on the existing formula. 0

- 5. **Tax Revenue Loss Grant.** The House included a new categorical grant intended to reimburse colleges for property tax revenue lost as a result of tax increment finance authorities, and tax abatements. The Senate Subcommittee did not include this item. 0
