Sec. 7. (1) A city, village, or township may contract with the secretary of state or the United States bureau of the census to have conducted a special census of its population. The entire cost of the census shall be borne by the city, village, or township. The special census shall provide for separate identification by institution of wards, patients, or convicts in tax supported institutions in accordance with definitions used by the United States bureau of the census in the enumeration of the preceding statewide federal census. The results of the special census shall be certified to the department of management and budget by the secretary of state.

(2) The results of the special census as certified in subsection (1) shall be utilized for the purpose of making distributions under section 14a starting on the July 1 next following the date of certification of the results. (3) A city, village, or township that on the enumeration date of a special census is determined to have an increase of population of 10% or more over its population as determined by the last preceding statewide federal census shall receive its share of revenues distributed under section 14a based on its population increase which exceeds the estimated state growth rate. Estimated state growth rate means the estimate determined by the department of management and budget as of the enumeration date of a special census.

Sec. 11. (1) For state fiscal years before the 1996-1997 state fiscal year, the department of management and budget shall cause to be paid during each August, November, February, and May, to counties on a per capita basis the collections from the state income tax as certified by the department of treasury for the quarter periods ending the prior June 30, September 30, December 31, and March 31 that are available for distribution to and retention by counties.

(2) For state fiscal years beginning after September 30, 1992 and ending before October 1, 1996, the collections from the state income tax otherwise available for distribution to counties in November for the quarter period ending the

prior September 30 shall be increased by \$35,900,000.00 and the collections from the state income tax otherwise available for distribution to counties in August for the quarter period ending the prior June 30 shall be decreased by \$35,900,000.00.

(3) For the 1996-1997 and 1997-1998 state fiscal years, the department of treasury shall cause to be paid to counties on a per capita basis an amount equal to 24.5% of the difference between 21.3% of the sales tax collections at a rate of 4% in the 12-month period ending June 30 of the state fiscal year in which the payments are made and the total distribution for the state fiscal year under section 12a. Subject to section 13d, for the 1998-1999 through 2005-2006 state fiscal years and for the period of October 1, 2006 through June 30, 2007, the department of treasury shall cause to be paid to counties both of the following:

(b) An amount equal to 25.06% of 21.3% of the sales tax collections at a rate of 4% in the 12-month period ending June 30 of the state fiscal year in which the payments are made minus the amount determined under subdivision (a) which shall be distributed on a per capita basis. If the amount appropriated under this section to counties is less than 25.06% of 21.3% of the sales tax rate of 4%, any reduction made necessary by this appropriation in distributions to counties shall first be applied to the distribution under this subdivision.

(4) After June 30, 2007, 25.06% of 21.3% of the sales tax collections at a rate of 4% shall be distributed to counties as provided by law.

(5) The payments under subsection (3) shall be made from revenues collected during the state fiscal year in which the payments are made and shall be made during each October, December, February, April, June, and August. Sec. 12a. (1) For state fiscal years before the 1998-1999 state fiscal year, the department of treasury shall calculate the amount of payment to be made to a city, village, or township by multiplying the amount of state equalized value of tax exempt inventory property as certified by the department of treasury under former section 132 of the single business tax act, 1975 PA 228, times the property tax rate for each taxing unit as certified each year to the department of treasury for purposes of this act.

(2) For state fiscal years before the 1998-1999 state fiscal year, the department of treasury shall pay to each county each year, following the year the amount was calculated, an amount equal to the product of the state equalized value of inventory as certified by the department of treasury under former section 132 of the single business tax act, 1975 PA 228, times the county property tax rate for the county as reported each year to the department of treasury.

(3) For state fiscal years after the 1995-1996 state fiscal year in which payment is made under this section, the payment under this section shall be from the collections, exclusive of the amount designated for assistance to townships, cities, and villages under section 10 of article IX of the state constitution of 1963, of the sales tax levied at a rate of 4%.

(4) Payments made under this section, and the allocation and appropriation of amounts necessary to make the payments under this section, shall include interest which shall accrue on the unpaid balance. Interest shall accrue at the rate determined under section 13b.

(5) A payment required to be made under this section shall not be delayed so as to cause interest to accrue pursuant to subsection (4) unless the delay in any payment is authorized by a written directive issued and signed by the governor that conforms to and is subject to section 13b(2) and (3).

(6) Amounts required to be paid pursuant to this section that are subject to an unavoidable delay of a de minimis period or that are withheld or set off pursuant to law in the settlement or adjustment of an obligation or debt due to this state are not subject to subsections (4) and (5).

(7) For state fiscal years before the 1998-1999 state fiscal year, the treasurer of any city, village, township, or county who collects money for an authority that levies property taxes, shall pay an eligible authority its proportionate share of the reimbursements under this section. The property taxes of the authorities may be added to the millages used to determine payments under this section. For an authority to be eligible for compensation under this section, that authority shall have an authorization to have taxes levied for its use as provided by law. School districts, intermediate school districts, community college districts, vocational education districts, and special education districts are not included under this section.

(8) Subject to section 13d, for the 1998-1999 through 2005-2006 state fiscal years and for the period of October 1, 2002 through June 30, 2007, the treasurer of any city, village, township, or county who collects money for an authority that levies property taxes shall pay an eligible authority, from the payments received under this act, the amount received by the eligible authority under subsection (7) for the 1997-1998 state fiscal year. (10) Payments under this section to cities and villages shall be made on or before October 31 and payments under this section to counties and townships shall be made on or before February 28.

(13) The percentage allocations to distributions under subsections (8) to (10) pursuant to subsection (11) shall be calculated as if, in any state fiscal year, the amount appropriated under this section for distribution to cities, villages, and townships is 74.94% of 21.3% of the sales tax at a rate of 4%. If the amount appropriated under this section to cities, villages, and townships is less than 74.94% of 21.3% of the sales tax at a rate of 4%, any reduction made necessary by this appropriation in distributions to cities, villages, and townships shall first be applied to the distribution under subsections (8) to (10) and any remaining amount shall be applied to the other distributions under this section.

(14) A township that provides for or makes available fire, police on a 24-hour basis either through contracting for or directly employing personnel, water to 50% or more of its residents, and sewer services to 50% or more of its residents and has a population of 10,000 or more or a township that has a population of 20,000 or more shall use the unit type population weight factor under subsection (9)(a) for a city with the same population as the township.

(15) For a state fiscal year in which the sales tax collections decrease from the sales tax collections for the immediately preceding state fiscal year, the department shall reduce the amount to be distributed to a city with a population of 750,000 or more under subsection (6) by an amount determined by subtracting the amount the city is eligible for under section 10 of article IX of the state constitution of 1963 for the state fiscal year from \$333,900,000.00 and multiplying that result by the same percentage as the percentage decrease in sales tax collections for that state fiscal year as compared to sales tax collections for the immediately preceding state fiscal year.

(16) Notwithstanding any other provision of this section for the 1998-1999 state fiscal year, the total combined amount received by each city, village, and township under this section and section 10 of article IX of the state constitution of 1963 shall not be less than the combined amount received under this section, section 12a, and section 10 of article IX of the state constitution of 1963 in the 1997-1998 state fiscal year. The increase, if any, for each city, village, and township from the 1997-1998 state fiscal year, other than a city that receives a distribution under subsection (6), shall be reduced by a uniform percentage to the extent necessary to fund distributions under this subsection.

(17) The payments under subsections (3), (4), and (5) shall be made during each October, December, February, April, June, and August. Payments under subsections (3), (4), and (5) shall be based on collections from the sales tax at the rate of 4% in the 2-month period ending the prior August 31, October 31, December 31, February 28, April 30, and June 30, and for the 1996-1997 and 1997-1998 state fiscal years only, the payments shall be reduced by 1/6 of the total distribution for the state fiscal year under section 12a.

(18) Payments under this section shall be made from revenues collected during the state fiscal year in which the payments are made.

(19) Distributions provided for by this act are subject to an annual appropriation by the legislature.

Sec. 13d. The department shall annualize the amount of distributions under sections 11, 12a, and 13 as necessary to reflect distributions for periods of less than 12 months.
