

Act No. 63
Public Acts of 1999
Approved by the Governor
June 17, 1999
Filed with the Secretary of State
June 17, 1999
EFFECTIVE DATE: June 17, 1999

STATE OF MICHIGAN
90TH LEGISLATURE
REGULAR SESSION OF 1999

Introduced by Reps. Green, Rick Johnson, Sheltroun, Howell, Jelinek, Koetje, Tabor, Vear, Bradstreet, Julian, Hager, Kowall, Gilbert, DeRossett, Pumford, Patterson, Van Woerkom, Bisbee, Caul, Kukuk, Mead, DeVuyst, Mortimer, Kuipers and Ehardt

ENROLLED HOUSE BILL No. 4464

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 717 (MCL 257.717), as amended by 1992 PA 257.

The People of the State of Michigan enact:

Sec. 717. (1) The total outside width of a vehicle or the load on a vehicle shall not exceed 96 inches, except as otherwise provided in this section.

(2) A person may operate or move an implement of husbandry of any width on a highway as required, designed, and intended for farming operations, including the movement of implements of husbandry being driven or towed and not hauled on a trailer, without obtaining a special permit for an excessively wide vehicle or load under section 725. The operation or movement of the implement of husbandry shall be in a manner so as to minimize the interruption of traffic flow. A person shall not operate or move an implement of husbandry to the left of the center of the roadway from a half hour after sunset to a half hour before sunrise, under the conditions specified in section 639, or at any time visibility is substantially diminished due to weather conditions. A person operating or moving an implement of husbandry shall follow all traffic regulations.

(3) The total outside width of the load of a vehicle hauling concrete pipe, agricultural products, or unprocessed logs, pulpwood, or wood bolts shall not exceed 108 inches.

(4) Except as provided in subsection (2), if a vehicle which is equipped with pneumatic tires is operated on a highway, the maximum width from the outside of 1 wheel and tire to the outside of the opposite wheel and tire shall not exceed 102 inches, and the outside width of the body of the vehicle or the load on the vehicle shall not exceed 96 inches.

(5) The total outside width of a bus or a motor home shall not exceed 102 inches.

(6) A vehicle shall not extend beyond the center line of a state trunk line highway except when authorized by law. Except as provided in subsection (2), if the width of the vehicle makes it impossible to stay away from the center line, a permit shall be obtained under section 725.

(7) The director of the state transportation department, a county road commission, or a local authority may designate a highway under the agency's jurisdiction as a highway on which a person may operate a vehicle or vehicle combination that is not more than 102 inches in width, including load, the operation of which would otherwise be prohibited by this section. The agency making the designation may require that the owner or lessee of the vehicle or of each vehicle in the vehicle combination secure a permit before operating the vehicle or vehicle combination. This subsection does not restrict the issuance of a special permit under section 725 for the operation of a vehicle or vehicle combination. This subsection does not permit the operation of a vehicle or vehicle combination described in section 722a carrying a load described in that section if the operation would otherwise result in a violation of that section.

(8) A person who violates this section is responsible for a civil infraction. The owner of the vehicle may be charged with a violation of this section.

This act is ordered to take immediate effect.

Clerk of the House of Representatives.

Secretary of the Senate.

Approved -----

Governor.
