Sec. 305. The amount appropriated in section 103 for the MDOC technical violator pilot drug treatment program shall be used by the department to continue to implement a pilot program aimed at reducing parolee and probationer prison admissions for substance abuse related technical violations or crimes.

Sec. 306. (1) The purpose of the substance abuse treatment pilot programs funded under sections 304 and 305 and under 1998 PA 321 is to evaluate and compare various substance abuse treatment modalities with regard to cost and impact on prison admission, length of stay, jail utilization, and offender relapse and recidivism and to provide for continued monitoring of offenders and evaluation of program efficacy.

Evaluations required by this section shall to the extent feasible compare offenders treated under those programs with other offenders of similar characteristics.

(4) The department shall develop agreements with 1 or more independent third parties for monitoring of implementation of substance abuse treatment pilot programs funded under this act and under 1998 PA 321.

(5) The department shall report by April 1, 2001 to the house and senate appropriations subcommittees on corrections and the house and senate fiscal agencies on the progress on implementation of the substance abuse treatment pilot programs funded under this act, 1999 PA 92, and 1998 PA 321 and on implementation of evaluation and monitoring requirements provided by this section.

(2) Annual reports shall be prepared and submitted by April 1, 2001 to the house and senate appropriations subcommittees on corrections, the house and senate fiscal agencies, and the state budget director.

Sec. 403. Sec. 405. (1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) To the extent policies or programs described in subsection (1) are used, developed, or contracted for, the department may request that funds appropriated in part 1 be transferred under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393, for their operation.

(3) The department shall continue to utilize parole violator processing guidelines that require parole agents to utilize all available appropriate community-based, nonincarcerative postrelease sanctions and services when appropriate. The department shall periodically evaluate such guidelines for modification, in response to emerging information from the pilot projects for substance abuse treatment provided under this act and applicable provisions of prior budget acts for the department.

(4) By March 1, 2001, the department shall report to the senate and house appropriations subcommittees on corrections, senate and house fiscal agencies, and state budget director on the effect that any recommended policy changes for technical violators of parole and technical violators of probation would have on admission to prison and jail and the impact on other program alternatives.

ADMINISTRATION AND PROGRAMS

Sec. 501. From the funds appropriated in part 1 for prosecutorial and detainer expenses, the department shall reimburse counties for housing and custody of parole violators and offenders being returned by the department from community placement to institutional status and for prisoners who volunteer for placement in a county jail.

Sec. 502. It is the intent of the legislature to encourage the department to expand prison industries operations by seeking strategic partnerships with private industry.

FIELD OPERATIONS ADMINISTRATION

Sec. 601. (1) It is the intent of the legislature that the funding appropriated in section 104 for parole and probation agents will provide sufficient parole and probation agents to maintain a ratio of 90 workload units per agent.

(2) From the funds appropriated in part 1, the department shall conduct a statewide caseload audit of field agents. The audit shall address public protection issues and assess the ability of the field agents to complete their professional duties. The results of the audit shall be submitted to the senate and house appropriations subcommittees on corrections and the senate and house fiscal agencies by September 30, 2001.

Sec. 602. (1) Of the amount appropriated in section 104 for field programs, \$546,900.00 is for the community service work program and shall be used for salaries and wages and fringe benefit costs of community service coordinators employed by the department to supervise offenders participating in work crew assignments. Funds shall also be used to cover motor transport division rates on state vehicles used to transport offenders to community service work project sites.

The department may require community service work reimbursement as a means of payment for those able-bodied individuals unable to pay for the cost of the equipment.

(2) Program participant contributions and local community tether program reimbursement for the electronic tether program appropriated in section 104 are related to program expenditures and may be used to offset expenditures for this purpose.

(3) Included in the appropriation in section 104 is adequate funding to implement the community tether program to be administered by the department. The community tether program is intended to provide sentencing judges and county sheriffs in coordination with local community corrections advisory boards access to the state's electronic tether program to reduce prison admissions and improve local jail utilization. The department shall determine the appropriate distribution of the tether units throughout the state based upon locally developed comprehensive corrections plans pursuant to the community corrections act, 1988 PA 511, MCL 791.401 to 791.414.

(4) For a fee determined by the department, the department will provide counties with the tether equipment, replacement parts, administrative oversight of the equipment's operation, notification of violators, and periodic reports regarding county program participants. Counties are responsible for tether equipment installation and service and apprehension of program violators. For an additional fee as determined by the department, the department will provide staff to install and service the equipment. Counties are responsible for the coordination and apprehension of program violators.

(5) Any county with tether charges outstanding over 60 days shall be considered in violation of the community tether program agreement and lose access to the program.

Sec. 604. Community-placement prisoners and parolees shall reimburse the department for the operational costs of the program. As an alternative method of payment, the department may develop a community service work schedule for those individuals unable to meet reimbursement requirements established by the department.

The plans shall also include, where appropriate, provisions that detail how the local communities plan to respond to sentencing guidelines found in chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69, and the use of the county jail reimbursement program pursuant to section 707 of this act. The state community corrections board shall encourage local community corrections boards to include in their comprehensive corrections plans strategies to collaborate with local alcohol and drug treatment agencies of the department of community health for the provision of alcohol and drug screening, assessment, case management planning, and delivery of treatment to alcohol- and drug-involved offenders, including, but not limited to, probation and parole violators who are at risk of revocation.

local community corrections advisory boards based on full expenditure of the funds appropriated in section 105 for public education and training.

Sec. 705. (1) The department shall identify and coordinate information regarding the availability of and the demand for community corrections programs, jail-based community corrections programs, and basic state required jail data.
