The People of the State of Michigan enact:

Sec. 2. (1) For the purpose of taxation, real property includes all of the following:

(a) All land within this state, all buildings and fixtures on the land, and all appurtenances to the land, except as expressly exempted by law.

(b) All real property owned by this state or purchased or condemned for public highway purposes by any board, officer, commission, or department of this state and sold on land contract, notwithstanding the fact that the deed has not been executed transferring title.

(c) For taxes levied after December 31, 2002, buildings and improvements located upon leased real property, except buildings and improvements exempt under section 9f, if the value of the buildings or improvements is not otherwise included in the assessment of the real property. However, buildings and improvements located on leased real property shall not be treated as real property unless they would be treated as real property if they were located on real property owned by the taxpayer.

(2) The taxable status of persons and real and personal property for a tax year shall be determined as of each December 31 of the immediately preceding year, which is considered the tax day, any provisions in the charter of any city or village to the contrary notwithstanding. An assessing officer is not restricted to any particular period in the preparation of the assessment roll but may survey, examine, or review property at any time before or after the tax day.

(3) Notwithstanding a provision to the contrary in any law, if real property is acquired for public purposes by purchase or condemnation, all general property taxes, but not penalties, levied during the 12 months immediately

preceding, but not including, the day title passes to the public agency shall be prorated in accordance with this subsection. The seller or condemnee is responsible for the portion of taxes from the levy date or dates to, but not including, the day title passes and the public agency is responsible for the remainder of the taxes. If the date that title will pass cannot be ascertained definitely and an agreement in advance to prorate taxes is desirable, an estimated date for the passage of title may be agreed to. In the absence of an agreement, the public agency shall compute the proration of taxes as of the date title passes. The question of proration of taxes shall not be considered in any condemnation proceeding. As used in this subsection, "levy date" means the day on which general property taxes become due and payable. In addition to the portion of taxes for which the public agency is responsible under the provisions of this subsection, the public agency is also responsible for all general property taxes levied on or after the date title passes and before the property is removed from the tax rolls.

(4) In a real estate transaction between private parties in the absence of an agreement to the contrary, the seller is responsible for that portion of the annual taxes levied during the 12 months immediately preceding, but not including, the day title passes, from the levy date or dates to, but not including, the day title passes and the buyer is responsible for the remainder of the annual taxes. As used in this subsection, "levy date" means the day on which a general property tax becomes due and payable.

Sec. 8. For the purposes of taxation, personal property includes all of the following:

(a) All goods, chattels, and effects within this state.

(b) All goods, chattels, and effects belonging to inhabitants of this state, located without this state, except that property actually and permanently invested in business in another state shall not be included.

(c) All interests owned by individuals in real property, the fee title to which is in this state or the United States, except as otherwise provided in this act.

(d) For taxes levied before January 1, 2003, buildings and improvements located upon leased real property, except if the value of the real property is also assessed to the lessee or owner of those buildings and improvements. For taxes levied after December 31, 2002, buildings and improvements located upon leased real property, except buildings and improvements exempt under section 9f, shall be assessed as real property under section 2 to the owner of the buildings or improvements in the local tax collecting unit in which the buildings or improvements are located if the value of the buildings or improvements is not otherwise included in the assessment of the real property. For taxes levied after December 31, 2001, buildings and improvements exempt under section 9f and located on leased real property shall be assessed as personal property.

(e) Tombs or vaults built within any burial grounds and kept for hire or rent, in whole or in part, and the stock of a corporation or association owning the tombs, vaults, or burial grounds.

(f) All other personal property not enumerated in this section and not especially exempted by law.

(g) The personal property of gas and coke companies, natural gas companies, electric light companies, waterworks companies, hydraulic companies, and pipe line companies transporting oil or gas as public or common carriers, to be assessed in the local tax collecting unit in which the personal property is located. The mains, pipes, supports, and wires of these companies, including the supports and wire or other line used for communication purposes in the operation of those facilities, and the rights of way and the easements or other interests in real property by virtue of which the mains, pipes, supports, and wires are erected and maintained, shall be assessed as personal property in the local tax collecting unit where laid, placed, or located. Interests in underground rock strata used for gas storage purposes, whether by lease or ownership separate from the surface of real property, shall be separately valued and assessed as personal property in the local tax collecting unit in which it is located to the person who holds the interest. Interests in underground rock strata shall be reported as personal property to the appropriate assessing officer for all property descriptions included in the storage field in the local tax collecting unit and a separate valuation shall be assessed for each school district. The personal property of street railroad, plank road, cable or electric railroad or transportation companies, bridge companies, and all other companies not required to pay a specific tax to this state in lieu of all other taxes, shall, except as otherwise provided in this section, be assessed in the local tax collecting unit in which the property is located, used, or laid, and the track, road, or bridge of a company is considered personal property. None of the property assessable as personal property under this subdivision shall be affected by any assessment or tax levied on the real property through or over which the personal property is laid, placed, or located, nor shall any right of way, easement, or other interest in real property, assessable as personal property under this subdivision, be extinguished or otherwise affected in case the real property subject to assessment is sold in the exercise of the taxing power.

(h) For taxes levied before January 1, 2003, during the tenancy of a lessee, leasehold improvements and structures installed and constructed on real property by the lessee, provided and to the extent the improvements or structures add to the taxable value of the real property notwithstanding that the real property is encumbered by a lease agreement, and the value added by the improvements or structures is not otherwise included in the assessment of the real property or not otherwise assessable under subdivision (j). The cost of leasehold improvements and structures on real property shall not be the sole indicator of value. Leasehold improvements and structures assessed under this subdivision shall be assessed to the lessee. For taxes levied after December 31, 2002, leasehold improvements and structures installed and

constructed on leased real property, except leasehold improvements and structures exempt under section 9f, shall be assessed as real property under section 2 to the owner of the leasehold improvements or structures in the local tax collecting unit in which the leasehold improvements or structures are located if the value of the leasehold improvements or structures is not otherwise included in the assessment of the real property or otherwise assessable under subdivision (j). For taxes levied after December 31, 2001, leasehold improvements and structures exempt under section 9f and located on leased real property shall be assessed as personal property to the lessee.

(i) A leasehold estate received by a sublessor from which the sublessor receives net rentals in excess of net rentals required to be paid by the sublessor except to the extent that the excess rentals are attributable to the installation and construction of improvements and structures assessed under subdivision (h) or (j) or included in the assessment of the real property. For purposes of this act, a leasehold estate is considered to be owned by the lessee receiving additional net rentals. A lessee in possession is required to provide the assessor with the name and address of its lessor. Taxes collected under this act on leasehold estates shall become a lien against the rentals paid by the sublessee to the sublessor.

(j) To the extent not assessed as real property, a leasehold estate of a lessee created by the difference between the income that would be received by the lessor from the lessee on the basis of the present economic income of the property as defined and allowed by section 27(4), minus the actual value to the lessor under the lease. This subdivision does not apply to property if subject to a lease entered into before January 1, 1984 for which the terms of the lease governing the rental rate or the tax liability have not been renegotiated after December 31, 1983. This subdivision does not apply to a nonprofit housing cooperative. As used in this subdivision, "nonprofit cooperative housing corporation" means a nonprofit cooperative housing corporation that is engaged in providing housing services to its stockholders and members and that does not pay dividends or interest upon stock or membership investment but that does distribute all earnings to its stockholders or members.

Sec. 9f. (1) The governing body of an eligible local assessing district may adopt a resolution to exempt from the collection of taxes under this act all new personal property owned or leased by an eligible business located in 1 or more eligible districts designated in the resolution. The clerk of the eligible local assessing district shall notify in writing the assessor of the local tax collecting unit in which the eligible district is located and the legislative body of each taxing unit that levies ad valorem property taxes in the eligible local assessing district in which the eligible district is located. Before acting on the resolution, the governing body of the eligible local assessing district shall afford the assessor and a representative of the affected taxing units an opportunity for a hearing.

(2) The exemption under this section is effective on the December 31 immediately succeeding the adoption of the resolution by the governing body of the eligible local assessing district and shall continue in effect for a period specified in the resolution. A copy of the resolution shall be filed with the state tax commission. A resolution is not effective unless approved by the state tax commission as provided in subsection (3).

(3) Not more than 60 days after receipt of a copy of the resolution adopted under subsection (1), the state tax commission shall approve or disapprove the resolution. The state treasurer, with the written concurrence of the president of the Michigan strategic fund, shall advise the state tax commission as to whether exempting new personal property of the eligible business is necessary to reduce unemployment, promote economic growth, and increase capital investment in this state.

(4) Notwithstanding the amendatory act that added section 2(1)(c), all of the following shall apply to an exemption under this section that was approved by the state tax commission on or before April 30, 1999, regardless of the effective date of the exemption:

(a) The exemption shall be continued for the term authorized by the resolution adopted by the governing body of the eligible local assessing district and approved by the state tax commission with respect to buildings and improvements constructed on leased real property during the term of the exemption if the value of the real property is not assessed to the owner of the buildings and improvements.

(b) The exemption shall not be impaired or restricted with respect to buildings and improvements constructed on leased real property during the term of the exemption if the value of the real property is not assessed to the owner of the buildings and improvements.

(5) Tangible personal property under the control of a trustee or agent, whether a corporation or a natural person, may be assessed to the trustee or agent in the local tax collecting unit in which the trustee or agent resides, except as otherwise provided. Personal property mortgaged or pledged is considered the property of the person in possession of that personal property and may be assessed to that person. Personal property not otherwise taxed under this act that is in the possession of any person, firm, or corporation using that property in connection with a business conducted for profit is considered the property of that person, firm, or corporation for taxation and shall be assessed to that person, firm, or corporation.

(6) For taxes levied before January 1, 2003, a building situated upon real property of the United States or of this state, or upon the real property of any person, firm, association, or corporation if the owner of the building is not the owner of the fee title to that real property, and if the value of the real property is not assessed to the owner of the building, shall be assessed as personal property to the owner or occupant of the building in the local tax collecting unit in which the real property is located. The building is subject to sale for taxes in the same manner as provided for the sale of personal property. It is not necessary to remove a building for the purpose of sale. For taxes levied after December 31, 2002, buildings and improvements, except buildings and improvements exempt under section 9f, located upon real property of the United States or of this state, or upon the real property of any person, firm, association, or corporation if the owner of the building is not the owner of the fee title to that real property is considered real property for the purposes of taxation and assessment, and shall be assessed as real property under section 2 to the owner or occupant of the building in the local tax collecting unit in which the buildings are located if the value of the building is not otherwise included in the assessment of the real property. (7) Tangible personal property of nonresidents of this state and all forest products, owned by residents or nonresidents, or estates of deceased persons, shall be assessed in the local tax collecting unit in which the tangible personal property or forest products are located, to the person or corporation in control of the premises, store, mill, dockyard, piling ground, place of storage, or warehouse where the tangible personal property or forest products are located, on December 31. If tangible personal property or forest products are in transit to a local tax collecting unit within this state, the tangible personal property or forest products shall be assessed in that local tax collecting unit. If tangible personal property or forest products are in transit to some place without this state, the tangible personal property or forest products shall be assessed at the local tax collecting unit in this state nearest to the last boom or sorting gap of the stream in or bordering on this state in which the tangible personal property or forest products will naturally be last floated during transit, and if the transit of the tangible personal property or forest products is to be other than through any watercourse in or bordering on this state, then the assessment shall be made in the local tax collecting unit at the point at which the tangible personal property or forest products will naturally leave this state in the ordinary course of transit. A person or corporation assessed for any tangible personal property or forest products belonging to a nonresident of this state is entitled to recover from the owner of the tangible personal property or forest products by a suit in attachment, garnishment, or for money had and received, any amount that the person or corporation assessed is compelled to pay because of the assessment, shall have a lien upon the tangible personal property or forest products as a security against loss or damage because of being assessed for the tangible personal property or forest products of another, and may retain possession of the tangible personal property or forest products until that lien is satisfied. A person or corporation assessed is not compelled to pay taxes on account of that assessment unless the appropriate assessing officer, at the time of assessment, serves notice in writing on the person or corporation in control of the premises, store, mill, dockyard, piling ground, place of storage, or warehouse that the assessment will be made.
