This bill would amend the Michigan Vehicle to allow the Secretary of State to specify a sticker or decal regarding patient advocate information or a statement that the licensee carries an emergency medical information card on operator and chauffeur licenses. The sticker or decal indicating that the licensee had designated one or more patient advocates, in accordance with the Estates and Protected Individuals Code, would have to meet the Secretary of State's specifications.

To include this information on operator and chauffeur licenses could require reformatting the license for space to affix a label, decal, or statement. The cost projection for reformatting at this time is indeterminate.
