HB 5242 would amend the Foster Care and Adoption Services Act by requiring the Family Independence Agency (FIA) to establish foster and adoptive parent resource center pilots.

HB 5242 would have an indeterminate state and local fiscal impact. FIA currently provides post adoption services in 6 regional centers and provides foster care parent support services through contracts. The legislation allows FIA to fund the foster and adoptive parent resource center pilots with appropriated postadoption incentives or Strong Family/Safe Children funds. It is unclear if the legislation would require significant redirection of current funds or use of additional funds.
