A SUMMARY OF HOUSE BILL 4527 AS INTRODUCED 3-27--01

Part 821 of the National Resources and Environmental Protection Act (NREPA), concerning snowmobiles, specifies that, with the exception of a model 25 years old or older, a snowmobile cannot be operated unless it has both a lighted headlight and a lighted taillight. House Bill 4527 would amend the act to add that the headlight could not be covered with a red or blue lens cap.
