A SUMMARY OF HOUSE BILL 5049 AS INTRODUCED 9-20-01

House Bill 5049 would amend the Revised School Code to specify that if the Department of Treasury had reason to suspect that there were irregularities in a school district's or a public school academy's administration of a Michigan Educational Assessment Program (MEAP) test, or in the preparation of students for a MEAP test, personnel in the department would be prohibited from reporting those suspected irregularities to any person or entity who was not involved in the scoring or administration of the test, before they notified the school district or public school academy officials and provided them an opportunity to respond.
