INSPECTION SCHEDULE FOR BODY REPAIR FACILITIES

House Bill 5361

Sponsor: Rep. David Woodward

Committee: Commerce

Complete to 3-18-02

A SUMMARY OF HOUSE BILL 5361 AS INTRODUCED 10-29-01

The Motor Vehicle Service and Repair Act requires that at least once every four years, "the administrator" inspect the premises and parts inventories of facilities engaging in vehicle body work. (The term "administrator" refers to the secretary of state or any person designated to act in his or her place.) The bill would eliminate that requirement. The act also permits the administrator and other law enforcement officials to make periodic unannounced inspections of the premises and parts inventories of such facilities. The bill would retain that provision and add "parts records" to list of items subject to inspection.
