Senate Rill 1000 (S-1 as passed by the Senate)

Committee.	Αþ	ρισ	priations

Committee: Appropriations	
FY 2001-02 Year-to-Date Gross Appropriation	\$486,161,200
Changes from FY 2001-02 Year-to-Date:	
 State Agency Special Maintenance. The recommendation provides continued General Fund support for State agency special maintenance and reduces funding from building occupancy charges due to a reduction in these appropriations at the user agencies. 	(3,000,000)
2. Farmland and Open Space. The recommendation continues the \$5,000,000 appropriation for the purchase of development rights on Farmland and Open Space, and provides \$2.5 million in new Federal funds for this program.	2,500,000
3. Department of Military Affairs. The recommendation includes a \$682,000 increase in Federal authorization for armory maintenance and construction projects and maintains the General Fund support. The \$500,000 appropriation for statewide land acquisitions and appraisals, funded from the armory construction fund, has been eliminated; these revenues have been recommended for State match for 3 new armory construction projects recommended in an FY 2001-02 supplemental.	182,000
4. Department of Natural Resources. The Governor recommends the elimination of several one-time appropriations; transfers \$800,000 from the DNR operating budget for the forest roads, bridges, and facilities program; and includes a new \$1,500,000 appropriation for deer habitat development. The Governor has also recommended the elimination of several one-time boating program and harbor projects and the inclusion of several new projects, the largest of which is \$9,025,000 for a marina expansion project on Mackinac Island.	(1,139,000)
5. Department of Transportation. The Governor's recommendation includes the elimination of several one-time projects, a new \$3,000,000 construction authorization for the Monroe welcome center, and a number of appropriation adjustments for new project offices, miscellaneous remodeling and renovation projects, and for the purchase of property at various locations statewide.	(200,000)
6. Aeronautics. The Governor has recommended a new Airport Safety and Protection Plan that would allow the Aeronautics commission to issue \$60 million in bonds over 5 years to match new Federal funds for airport improvement and security projects. The Senate Substitute appropriates the \$12 million in bond proceed revenues. This new bond money would replace the \$5,000,000 in General Fund support for airport projects that was eliminated by the Governor. The debt service for these bonds would be paid by redirecting \$6,000,000 (of the \$18,000,000 collected annually) in airport parking tax revenue at Detroit Metro, that currently goes to Wayne County's general fund. The recommendation also includes the final payment of \$12,000,000 of the State's obligation for the Northwest Airline midfield project at Detroit Metro.	76,278,000
7. State Building Authority Rent (Debt Service). The Governor's recommendation provides an increase for rent (debt service) payments for previously authorized construction projects at State agencies, universities, and community colleges. This represents 90% of the estimated total rent needs; the difference to be achieved if there are delays in project construction schedules.	16,487,700
8. College and University Planning Authorizations. The Governor recommends no new planning or construction authorizations. The Senate Substitute adds 17 new planning authorizations, ten at community colleges and five at universities.	1,700
9. Comparison to Governor. The Senate Substitute is \$12,001,700 Gross and \$1,700 GF/GP over the Governor.
