| <p>1. Operations. The Governor and the House provided a 2.0% increase distributed as 1.0% across the board and 1.0% by formula. The Senate Subcommittee recommends a 5.1% increase, distributed as 3.0% across the board and 2.1% by formula. The recommendation assumes savings from the repeal of the tuition tax credit (1.5% or \$4,663,298) and uses \$5,000,000 (1.6%) from the merit award trust fund originally recommended for the Postsecondary Access Student Success (PASS) program.</p> | 15,881,028 |
| <p>2. Postsecondary Access Student Success (PASS) Program. The Senate Subcommittee reduce program funds from \$10,000,000 to \$5,000,000 and uses those funds to provide additional support for college operations (see item 1.) In addition, the Senate Subcommittee eases program eligibility requirements by eliminating age restrictions, removing the PELL grant as a form of financial aid which must be subtracted from a PASS award, and allows colleges and universities, instead of the Department of Treasury, to calculate the imputed HOPE credit which must be subtracted from a PASS award.</p> | (5,000,000) |
| <p>3. Renaissance Zone Reimbursements. The Senate Subcommittee concurs in the recommendation of the Governor and House to reduce program funds to reflect anticipated program costs. The Senate Subcommittee increased the line item by \$1 to create an item of difference for Conference Committee discussions.</p> | (33,130) |
| <p>4. At Risk Student Success Program. The Senate Subcommittee concurs in the recommendation of the Governor and House to provide continuation level funding for this program. The Senate Subcommittee decreased the line item by \$1 to create an item of difference for Conference Committee discussions.</p> | (1) |
