Changes from FY 2000-01 Year-to-Date:

Items Included by the House and Senate

- | | |
|---|----------------|
| 1. Infrastructure Payments. The section that was designed to make infrastructure payments to schools never went into effect because of a tie-bar issue. The section is repealed, thus freeing up those funds for other uses within the School Aid Act. | (34,000,000) |
| 2. Proposal A Obligation Payment. Reductions in this line item are necessary due to updated pupil and taxable value estimates. | (30,000,000) |
| 3. Discretionary Payment. Increases are needed in this line item to reflect changes due to updated pupil and taxable value estimates. | 53,000,000 |
| 4. School Readiness. The proposal retains the original \$72,600,000 yearly appropriation for the standard school readiness program. However, due to funds that will lapse at the end of the fiscal year in the competitive full day program funds, this line item is reduced by the anticipated amount of lapse. | (3,950,000) |
| 5. Elementary Summer School Program. Reduces funding in this line item by the amount expected to lapse at the end of the fiscal year. | (10,000,000) |
| 6. Coordinating Counseling Services. Reduces most of the funding for this program in this fiscal year, leaving only the amount necessary to pay for grants allocated to date. | (8,400,000) |
| 7. Special Education (State). Decreases are needed in this line item to reflect lower than previously estimated costs due to updated special education pupil and cost estimates. | (7,100,000) |
| 8. Professional Development. This program is eliminated entirely, beginning in FY 2000-01. | (10,000,000) |
| 9. Golden Apple MEAP Incentive. The Conference report reduced the appropriation to \$50,000 in FY 2000-01 for prior-year adjustments, and completely eliminated beginning in the next fiscal year. | 0 |
| * <i>The Governor vetoed this change, thereby restoring full funding to this line.</i> | |
| 10. Special Education (Federal). Additional revenues are expected to be received by the State for providing special education services. | 15,000,000 |

| Total Changes | (\$40,050,000) |
