House Bill 4771 (as reported without amendment)

Sponsor: Representative Gene DeRossett

House Committee: Regulatory Reform

Senate Committee: Economic Development, International Trade and Regulatory Affairs

### **CONTENT**

The bill would amend the Single State Construction Code Act to require that the executive director of the State Construction Code Commission refer to the appropriate board, an appeal to the Commission that related principally to a mechanical matter. (The Act defines "board" as the State plumbing board, the board of mechanical rules, the electrical administrative board, and the barrier-free design board.)

The Act allows an interested person, or an interested person's authorized agent, to appeal a decision of a local board of appeals to the State Construction Code Commission. Appeals may be heard by the Commission as a whole, or by a panel of three or more members designated by the chairperson of the Commission. The executive director, however, must refer an appeal to the appropriate board if, in his or her judgment, the appeal relates principally to a plumbing, electrical, or barrier-free design matter. The bill would add a mechanical matter to that provision.

MCL 125.1516

Legislative Analyst: P. Affholter

### **FISCAL IMPACT**

The bill would have no fiscal impact on State or local government.
