10 ing authority, the department may expend from the general fund of the
11 state during the fiscal year ending September 30, 2002 an amount to meet
12 the cash flow requirements of those state building authority projects
13 solely for lease to a state agency identified in both part 1 and this
14 section, and for which state building authority bonds or notes have not
15 been issued, and for the sole acquisition by the state building authority
16 of equipment and furnishings for lease to a state agency as permitted by
17 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or
18 notes is authorized by a legislative concurrent resolution that is effec-
19 tive for a fiscal year ending September 30, 2002. Any general fund
20 advances for which state building authority bonds have not been issued
21 shall bear an interest cost to the state building authority at a rate not
22 to exceed that earned by the state treasurer's common cash fund during
23 the period in which the advances are outstanding and are repaid to the
24 general fund of the state.

S01034'01 (H-1)

1 (2) Upon sale of bonds or notes for the projects identified in
2 part 1 or for equipment as authorized by legislative concurrent
3 resolution and in this section, the state building authority shall credit
4 the general fund of the state an amount equal to that expended from the
5 general fund plus interest, if any, as defined in this section.

6 (3) For state building authority projects for which bonds or notes
7 have been issued and upon the request of the state building authority,
8 the state treasurer shall make advances without interest from the general
9 fund as necessary to meet cash flow requirements for the projects, which
10 advances shall be reimbursed by the state building authority when the
11 investments earmarked for the financing of the projects mature.

12 (4) In the event that a project identified in part 1 is terminated
13 after final design is complete, advances made on behalf of the state
14 building authority for the costs of final design shall be repaid to the
15 general fund in a manner recommended by the director and approved by the
16 JCOS.

17 Sec. 702. (1) State building authority funding to finance construc-
18 tion or renovation of a facility that collects revenue in excess of money
19 required for the operation of that facility shall not be released to a
20 university or community college unless the institution agrees to reim-
21 burse that excess revenue to the state building authority. The excess
22 revenue shall be credited to the general fund to offset rent obligations
23 associated with the retirement of bonds issued for that facility. The
24 auditor general shall annually identify and present an audit of those
25 facilities that are subject to this section. Costs associated with the
26 administration of the audit shall be charged against money recovered
27 pursuant to this section.

1 (2) As used in this section, "revenue" includes state
2 appropriations, facility opening money, other state aid, indirect cost

9 in such insurance policies.

10 (2) If the amount appropriated in part 1 for state building author-
11 ity rent is not sufficient to pay the rent obligations and insurance pre-

13 authority projects, there is appropriated from the general fund of the
14 state the amount necessary to pay such obligations.

15 Sec. 704. The department shall provide the JCOS and the fiscal

19 more than 30 days after a refinancing or restructuring bond issue is
20 sold. The report shall include, but is not limited to, the following:

21 (a) A list of all completed construction projects for which state
22 building authority bonds have been sold, and which bonds are currently
23 active.

2 authority bonds identified as a source of financing.

3 Sec. 705. It is the intention of the legislature that the
4 University of Michigan take the necessary actions to ensure that eligible
5 interest reimbursements from Medicare and Medicaid programs are made
6 available to the state to satisfy part of the amount appropriated for the
7 University of Michigan adult general hospital facility rent appropriation
8 of \$27,917,000.00 contained within the state building authority rent
9 appropriation in part 1. To the extent of a difference between the esti-
10 mated and actual amount received, there is appropriated from the general
11 fund of the state the amounts necessary to satisfy the hospital rental
12 requirements of the state building authority's 1986 revenue refunding
13 bonds, series I. To the extent payments made to the state by the
14 University of Michigan are required to be reimbursed pursuant to the
15 agreement with the University of Michigan, there is appropriated from the
16 general fund the amount necessary for such reimbursement.

17 Sec. 706. (1) The state building authority, on behalf of the state,
18 with the approval of the board, for the purpose of providing office and
19 warehouse space for state agencies, may acquire for not more than the
20 market value, subject to an independent fee appraisal, including esti-
21 mated real estate taxes, various lease projects which contain purchase
22 options in an aggregate cost not to exceed \$35,000,000.00. The state
23 building authority is also authorized to pay any ancillary costs, other
24 than the market value, that the state is required to pay under an option
25 to purchase.

26 (2) All documents regarding the acquisition of the property
27 described in subsection (1) shall be approved by the attorney general.

10 sition and initial main utility installation to operate the facility.
11 Funding shall be comprised of local and state shares, and the state share
12 shall include 50% of any federal money awarded for projects appropriated
13 in this act. Not more than 50% of a capital outlay project, not includ-
14 ing a lump-sum special maintenance project or remodeling and addition
15 project, for a community college shall be appropriated from state and
16 federal funds.

17 (3) An expenditure under this act is authorized when the release of

20 appropriation in part 1 only after the director is assured that the legal
21 entity operating the community college to which the appropriation is made
22 has complied with this act and has matched the amounts appropriated as
23 required by this act. A release of funds in part 1 shall not exceed 50%
24 of the total cost of planning and construction of any project, not
25 including lump-sum remodeling and additions and special maintenance.

24 (2) If the documentation required by the director under subsection
25 (1) is not submitted, or does not adequately authenticate the availabil-
26 ity of the project match or board approval of the authorized project, the
27 authorization may terminate. The authorization terminates 30 days after
