AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 76703 (MCL 324.76703), as amended by 2001 PA 78.

The People of the State of Michigan enact:

Sec. 76703. (1) The commission may issue its gross revenue bonds in anticipation of the collection of all or any part of its revenues, for the purpose of acquiring, constructing, reconstructing, improving, bettering, extending, restoring, refurbishing, renovating, repairing, equipping, furnishing, any or all, the properties and facilities that it is authorized to acquire, construct, reconstruct, maintain, or operate under this part, including properties and facilities owned by it, and shall pledge to the payment of the interest on and principal of the bonds, all or any part of the revenues derived from the operation of the properties and facilities controlled and operated by the commission. There may be included in the cost for which bonds are to be issued, reasonable allowances for legal, engineering, or fiscal services, interest during construction or reconstruction and for 6 months after the estimated date of completion of the construction or reconstruction or until full revenues are being received from the operation of the facility, and other incidental expenses. The bonds shall be authorized by resolution of the commission and may be issued in 1 or more series, may bear the date or dates, may mature at the time or times not exceeding 30 years from their respective dates, may bear interest at the rate or rates, may be in the form, either coupon or registered, may be executed in the manner, may be payable at the place or places, may be subject to the terms of redemption, with or without premium, and may contain the terms, covenants, and conditions as the resolution or subsequent resolution may provide. Pending preparation of the definitive bonds, interim receipts, or certificates in the form and with the provisions as the commission may determine may be issued to the purchaser or purchasers of the bonds sold pursuant to this part. The bonds and interim receipts and certificates shall be fully negotiable within the meaning of and for all purposes of the negotiable instruments law of this state. The maximum rate of interest on such bonds shall be that set forth for bonds issued under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The sale and award of notes shall be conducted and made by the commission at a public or private sale. If a public sale is held, the notes shall be advertised for sale once not less than 7 days before sale in a publication printed in the English language and circulated in this state, which carries as a part of its regular service notices of the sales of municipal bonds and which has been designated in the resolution as a publication complying with these qualifications. The notice of sale shall be in the form as designated by the commission. Bonds may be sold at a discount as provided in the bond resolution. Bonds issued under this section are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) Any resolution authorizing the issuance of bonds under this part or any instrument of trust entered into as authorized by this part may contain covenants, including, but not limited to, any of the following:

(a) The purpose or purposes to which the proceeds of the sale of the bonds may be applied, and the deposit, use, and disposition of the proceeds.

(b) The use, deposit, securing of deposits, and disposition of the revenues of the commission, including the creation and maintenance of reserves.

(c) The issuance of additional bonds payable from the revenues of the commission.

(d) The operation and maintenance of properties of the commission.

(e) The insurance to be carried thereon, and the use, deposit, and disposition of insurance money.

(f) Books of account and the inspection and audit of the books of account and the accounting methods of the commission.

(g) The nonrendering of any free service by the commission.

(h) The preservation of the properties of the commission, so long as any of the bonds remain outstanding, from any mortgage, sale, lease, or other encumbrance not specifically permitted by the terms of the resolution.

(i) The employment of sufficient personnel for the collection of fees and charges incident to the operation of the facility and for the payment of compensation to the personnel out of the fees and charges.

(3) In the discretion of the commission, any bonds issued under this part may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any bank having the right to exercise the powers of a trust company within this state. Any trust indenture described in this subsection may pledge or assign the revenues from the operation of properties of the commission, but shall not convey or mortgage any properties, except the revenues. Any trust indenture or any resolution providing for the issuance of bonds may contain the provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the improvements in connection with which the bonds have been authorized, and the custody, safeguarding, and application of all money, and provisions for the employment of consulting engineers, architects, and landscape architects in connection with the planning, construction, or operation of the improvements. Any trust indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any trust indenture or resolution may contain other provisions as the commission considers reasonable and proper for the security of the bondholders. The holder of any bond issued under this part or a trustee in his or her behalf may bring suit against the commission and its members, officers, and agents to enforce the provisions and covenants contained in any trust indenture or resolution. All expenses incurred in carrying out the provisions of any trust indenture may be treated as a part of the cost of operation of the improvements for which the bonds are authorized.

(4) Money received pursuant to this part, whether as proceeds from the sale of bonds or as revenues from the operations of properties, or otherwise received by the commission, shall be considered to be trust funds, to be held and applied solely as provided in this part and in the resolution authorizing, or trust indenture securing, its bonds. All money received may be deposited in as received and paid out by any bank or banks selected for the purpose and eligible to hold public money under the laws of this state, the deposits and paying out to be in the manner provided in the resolution or trust indenture. None of the money need be paid into the state treasury.

(5) If the commission has issued any bonds under this part, the commission may subsequently issue and negotiate new bonds under this part for the purpose of providing for the retirement of those outstanding bonds, in whole or in part. The new bonds shall be designated "gross revenue refunding bonds", and except as otherwise provided in the refunding resolution, shall be secured to the same extent and shall have the same source of payment as the bonds that have been refunded, or may be payable from earnings on investments held in trust to pay refunded bonds for the period of time specified in the ordinance authorizing the bonds. The refunding bonds may be issued to include the amount of any premium to be paid upon the calling of the callable bonds to be refunded or any premium necessary to be paid in order to secure the surrender of the noncallable bonds to be refunded, interest to the maturity or redemption date of the bonds to be refunded, and the cost of issuing the refunding bonds. This section shall not be construed as providing for the redemption of noncallable unmatured bonds without the consent of the holder or holders of the bonds. The refunding bonds may be sold at public sale, may be privately negotiated, or may be exchanged for the obligations to be refunded by the obligations, and if sold, the proceeds shall be deposited in a bank and credited to a special trust account to be used only for the redemption or purchase of the outstanding bonds. If refunding bonds are to be issued and sold for the purpose of refunding noncallable unmatured bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal and interest to maturity on noncallable bonds. If refunding bonds are to be issued for the purpose of refunding callable bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal, interest, and redemption premium to the earliest redemption date on callable bonds. When the resolution authorizing the bonds to be refunded permits, the borrower may deposit in trust direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States and which do not permit redemption at the option of the issuer, the principal and interest on which when due, without reinvestment, will provide funds sufficient to pay principal, interest, and call premium, when due, on the bonds being refunded.

(6) Notwithstanding the other provisions of this section:

(a) Interest on the bonds may be payable at any time provided in the resolution, and may be set, reset or calculated, or both, as provided in the resolution.

(b) If so authorized in the resolution bonds may be:

(i) Made the subject of a put or agreement to repurchase by the commission.

(ii) Secured by a letter of credit issued by a bank pursuant to an agreement entered into by the commission or secured by any other collateral.

(iii) Callable.

(iv) Reissued by the commission once reacquired by the commission pursuant to any put or repurchase agreement.

(c) The commission may by resolution do any of the following:

(i) Authorize the issuance of renewal bonds.

(ii) Refund, or refund in advance, bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured.

(iii) Issue bonds partly to refund bonds and partly for any other purposes authorized by this part.

(iv) Buy and sell any bonds issued under this part.

(d) Renewal, refunding, or advance refunding bonds are subject to all of the following:

(i) Shall be sold and the proceeds applied to the purchase redemption or payment of the bonds to be renewed or refunded.

(ii) May be sold or resold at a public or private sale upon such terms and conditions as the commission may establish in the order.

(iii) May pledge the revenues pledged in the issue to be refunded in advance effective when a defeasance has occurred with respect to the original issue.

(e) If authorized by the commission in the resolution authorizing the bonds, any bonds issued may be secured in whole or in part pursuant to a trust or escrow agreement, which agreement may also govern the issuance of renewal bonds, refunding bonds, and advance refunding bonds. The agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(f) Powers specified in this subsection shall be in addition to those set forth in all other subsections and sections of this part.

(7) The commission shall hire an independent certified public accountant approved by the legislative auditor general to perform an annual audit of all of its operations which are required by, or in any way relate to, any covenants made in connection with any bonds issued pursuant to this part.

(8) The bonds may be issued in electronic format only or, if issued in paper copies, shall be signed by the chairperson or vice-chairperson of the commission and attested to by any other officer of the commission authorized to do so by resolution of the commission. The signature of either officer, but not both, may be affixed by facsimile or electronically.

(9) The issuance of bonds and notes under this section is subject to the agency financing reporting act.

(10) For the purpose of more effectively managing its debt service, the commission may enter into an interest rate exchange or swap, hedge, or similar agreement with respect to its bonds or notes on the terms and payable from the sources and with the security, if any, as determined by a resolution of the commission.

This act is ordered to take immediate effect.
