The People of the State of Michigan enact:

Sec. 217. (1) An owner of a vehicle that is subject to registration under this act shall apply to the secretary of state, upon an appropriate form furnished by the secretary of state, for the registration of the vehicle and issuance of a certificate of title for the vehicle. A vehicle brought into this state from another state or jurisdiction that has a rebuilt, salvage, scrap, flood, or comparable certificate of title issued by that other state or jurisdiction shall be issued a rebuilt, salvage, scrap, or flood certificate of title by the secretary of state. The application shall be accompanied by the required fee. An application for a certificate of title shall bear the signature of the owner. The application shall contain all of the following:

(a) The owner's name, the owner's bona fide residence, and either of the following:

(i) If the owner is an individual, the owner's mailing address.

(ii) If the owner is a firm, association, partnership, limited liability company, or corporation, the owner's business address.

(b) A description of the vehicle including the make or name, style of body, and model year; the number of miles, not including the tenths of a mile, registered on the vehicle's odometer at the time of transfer; whether the vehicle is a flood vehicle or another state previously issued the vehicle a flood certificate of title; whether the vehicle is to be or has been used as a taxi or police vehicle, or by a political subdivision of this state, unless the vehicle is owned by a dealer and loaned or leased to a political subdivision of this state for use as a driver education vehicle; whether the vehicle has previously been issued a salvage or rebuilt certificate of title from this state or a comparable certificate of title from any other state or jurisdiction; vehicle identification number; and the vehicle's weight fully equipped, if a passenger vehicle

registered in accordance with section 801(1)(a), and, if a trailer coach or pickup camper, in addition to the weight, the manufacturer's serial number, or in the absence of the serial number, a number assigned by the secretary of state. A number assigned by the secretary of state shall be permanently placed on the trailer coach or pickup camper in the manner and place designated by the secretary of state.

(c) A statement of the applicant's title and the names and addresses of the holders of security interests in the vehicle and in an accessory to the vehicle, in the order of their priority.

(d) Further information that the secretary of state reasonably requires to enable the secretary of state to determine whether the vehicle is lawfully entitled to registration and the owner entitled to a certificate of title. If the secretary of state is not satisfied as to the ownership of a late model vehicle or other vehicle having a value over \$2,500.00, before registering the vehicle and issuing a certificate of title, the secretary of state may require the applicant to file a properly executed surety bond in a form prescribed by the secretary of state and executed by the applicant and a company authorized to conduct a surety business in this state. The bond shall be in an amount equal to twice the value of the vehicle as determined by the secretary of state and shall be conditioned to indemnify or reimburse the secretary of state, any prior owner, and any subsequent purchaser of the vehicle and their successors in interest against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of a certificate of title for the vehicle or on account of any defect in the right, title, or interest of the applicant in the vehicle. An interested person has a right of action to recover on the bond for a breach of the conditions of the bond, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of 3 years, or before 3 years if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the secretary of state, unless the secretary of state has received notification of the pendency of an action to recover on the bond. If the secretary of state is not satisfied as to the ownership of a vehicle that is valued at \$2,500.00 or less and that is not a late model vehicle, the secretary of state shall require the applicant to certify that the applicant is the owner of the vehicle and entitled to register and title the vehicle.

(e) Except as provided in subdivision (f), an application for a commercial vehicle shall also have attached a scale weight receipt of the motor vehicle fully equipped as of the time the application is made. A scale weight receipt is not necessary if there is presented with the application a registration receipt of the previous year that shows on its face the empty weight of the motor vehicle as registered with the secretary of state that is accompanied by a statement of the applicant that there has not been structural change in the motor vehicle that has increased the empty weight and that the previous registered weight is the true weight.

(f) An application for registration of a vehicle on the basis of elected gross weight shall include a declaration by the applicant specifying the elected gross weight for which application is being made.

(g) If the application is for a certificate of title of a motor vehicle registered in accordance with section 801(1)(p), the application shall include the manufacturer's suggested base list price for the model year of the vehicle. Annually, the secretary of state shall publish a list of the manufacturer's suggested base list price for each vehicle being manufactured. Once a base list price is published by the secretary of state for a model year for a vehicle, the base list price shall not be affected by subsequent increases in the manufacturer's suggested base list price but shall remain the same throughout the model year unless changed in the annual list published by the secretary of state. If the secretary of state's list has not been published for that vehicle by the time of the application for registration, the base list price shall be the manufacturer's suggested retail price as shown on the label required to be affixed to the vehicle under section 3 of the automobile information disclosure act, Public Law 85-506, 15 U.S.C. 1232. If the manufacturer's suggested retail price is unavailable, the application shall list the purchase price of the vehicle as defined in section 801(4).

(2) An applicant for registration of a leased pickup truck or passenger vehicle that is subject to registration under this act, except a vehicle that is subject to registration tax under section 801g, shall disclose in writing to the secretary of state the lessee's name, the lessee's bona fide residence, and either of the following:

(a) If the lessee is an individual, the lessee's Michigan driver license number or Michigan personal identification number or, if the lessee does not have a Michigan driver license or Michigan personal identification number, the lessee's mailing address.

(b) If the lessee is a firm, association, partnership, limited liability company, or corporation, the lessee's business address.

(3) The secretary of state shall maintain the information described in subsection (2) on the secretary of state's computer records.

(4) A dealer selling or exchanging vehicles required to be titled, within 15 days after delivering a vehicle to the purchaser, and a person engaged in the sale of vessels required to be numbered by part 801 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80101 to 324.80199, within 15 days after delivering a boat trailer weighing less than 2,500 pounds to the purchaser, shall apply to the secretary of state for a new title, if required, and transfer or secure registration plates and secure a certificate of registration for the vehicle or boat trailer, in the name of the purchaser. The dealer's license may be suspended or revoked in accordance with section 249 for failure to apply for a title when required or for failure to transfer or secure registration plates and certificate of registration within the 15 days required by this section. If the dealer or person fails to apply for a title when required, and to transfer or secure registration plates and secure a certificate of registration and pay the required fees within 15 days

of delivery of the vehicle or boat trailer, a title and registration for the vehicle or boat trailer may subsequently be acquired only upon the payment of a transfer fee of \$15.00 in addition to the fees specified in section 806. The purchaser of the vehicle or boat trailer shall sign the application, including, when applicable, the declaration specifying the maximum elected gross weight, as required by subsection (1)(f), and other necessary papers to enable the dealer or person to secure the title, registration plates, and transfers from the secretary of state. If the secretary of state mails or delivers a purchaser's certificate of title to a dealer, the dealer shall mail or deliver the certificate of title to the purchaser not more than 5 days after receiving the certificate of title from the secretary of state.

(5) If a vehicle is delivered to a purchaser who has valid Michigan registration plates that are to be transferred to the vehicle, and an application for title, if required, and registration for the vehicle is not made before delivery of the vehicle to the purchaser, the registration plates shall be affixed to the vehicle immediately, and the dealer shall provide the purchaser with an instrument in writing, on a form prescribed by the secretary of state, which shall serve as a temporary registration for the vehicle for a period of 15 days from the date the vehicle is delivered.

(6) An application for a certificate of title that indicates the existence of a security interest in the vehicle or in an accessory to the vehicle, if requested by the security interest holder, shall be accompanied by a copy of the security agreement which need not be signed. The request may be made of the seller on an annual basis. The secretary of state shall indicate on the copy the date and place of filing of the application and return the copy to the person submitting the application who shall forward it to the holder of the security interest named in the application.

(7) If the seller does not prepare the credit information, contract note, and mortgage, and the holder, finance company, credit union, or banking institution requires the installment seller to record the lien on the title, the holder, finance company, credit union, or banking institution shall pay the seller a service fee of not more than \$10.00. The service fee shall be paid from the finance charges and shall not be charged to the buyer in addition to the finance charges. The holder, finance company, credit union, or banking institution shall issue its check or bank draft for the principal amount financed, payable jointly to the buyer and seller, and there shall be imprinted on the back side of the check or bank draft the following:

"Under Michigan law, the seller must record a first lien in favor of (name of lender) _____ on the vehicle with vehicle identification number _____ and title the vehicle only in the name(s) shown on the reverse side." On the front of the sales check or draft, the holder, finance company, credit union, or banking institution shall note the name(s) of the prospective owner(s). Failure of the holder, finance company, credit union, or banking institution to comply with these requirements frees the seller from any obligation to record the lien or from any liability that may arise as a result of the failure to record the lien. A service fee shall not be charged to the buyer.

(8) In the absence of actual malice proved independently and not inferred from lack of probable cause, a person who in any manner causes a prosecution for larceny of a motor vehicle; for embezzlement of a motor vehicle; for any crime an element of which is the taking of a motor vehicle without authority; or for buying, receiving, possessing, or aiding in the concealment of a stolen, embezzled, or converted motor vehicle knowing that the motor vehicle has been stolen, embezzled, or converted, is not liable for damages in a civil action for causing the prosecution. This subsection does not relieve a person from proving any other element necessary to sustain his or her cause of action.

Sec. 234. (1) The purchaser or transferee, unless the person is a licensed dealer, shall present or cause to be presented the certificate of title and registration certificate if plates are being transferred to another vehicle, assigned as provided in this act, to the secretary of state accompanied by the fees as provided by law, whereupon a new certificate of title and registration certificate shall be issued to the assignee. The certificate of title shall be mailed or delivered to the owner or another person the owner may direct in a separate instrument in a form the secretary of state shall prescribe.

(2) If the secretary of state mails or delivers a purchaser's or transferee's certificate of title to a dealer, the dealer shall mail or deliver that certificate of title to the purchaser or transferee not more than 5 days after receiving the certificate of title from the secretary of state.

(3) Unless the transfer is made and the fee paid within 15 days, the vehicle is considered to be without registration, the secretary of state may repossess the license plates, and transfer of the vehicle ownership may be effected and a valid registration acquired thereafter only upon payment of a transfer fee of \$15.00 in addition to the fee provided for in section 806.

(4) If a security interest is reserved or created at the time of the transfer, the parties shall comply with the requirements of section 238.

Sec. 717. (1) The total outside width of a vehicle or the load on a vehicle shall not exceed 96 inches, except as otherwise provided in this section.

(2) A person may operate or move an implement of husbandry of any width on a highway as required, designed, and intended for farming operations, including the movement of implements of husbandry being driven or towed and not hauled on a trailer, without obtaining a special permit for an excessively wide vehicle or load under section 725. The operation or movement of the implement of husbandry shall be in a manner so as to minimize the interruption of traffic flow. A person shall not operate or move an implement of husbandry to the left of the center of the roadway from a half hour after sunset to a half hour before sunrise, under the conditions specified in section 639, or at any time visibility is

substantially diminished due to weather conditions. A person operating or moving an implement of husbandry shall follow all traffic regulations.

(3) The total outside width of the load of a vehicle hauling concrete pipe, agricultural products, or unprocessed logs, pulpwood, or wood bolts shall not exceed 108 inches.

(4) Except as provided in subsections (2) and (5) and this subsection, if a vehicle that is equipped with pneumatic tires is operated on a highway, the maximum width from the outside of 1 wheel and tire to the outside of the opposite wheel and tire shall not exceed 102 inches, and the outside width of the body of the vehicle or the load on the vehicle shall not exceed 96 inches. However, a truck and trailer or a tractor and semitrailer combination hauling pulpwood or unprocessed logs may be operated with a maximum width of not to exceed 108 inches in accordance with a special permit issued under section 725.

(5) The total outside body width of a bus, a trailer coach, a truck camper, or a motor home shall not exceed 102 inches. However, an appurtenance of a trailer coach, a truck camper, or a motor home that extends not more than 6 inches beyond the total outside body width is not a violation of this section.

(6) A vehicle shall not extend beyond the center line of a state trunk line highway except when authorized by law. Except as provided in subsection (2), if the width of the vehicle makes it impossible to stay away from the center line, a permit shall be obtained under section 725.

(7) The director of the state transportation department, a county road commission, or a local authority may designate a highway under the agency's jurisdiction as a highway on which a person may operate a vehicle or vehicle combination that is not more than 102 inches in width, including load, the operation of which would otherwise be prohibited by this section. The agency making the designation may require that the owner or lessee of the vehicle or of each vehicle in the vehicle combination secure a permit before operating the vehicle or vehicle combination. This subsection does not restrict the issuance of a special permit under section 725 for the operation of a vehicle or vehicle combination. This subsection does not permit the operation of a vehicle or vehicle combination described in section 722a carrying a load described in that section if the operation would otherwise result in a violation of that section.

(8) The director of the state transportation department, a county road commission, or a local authority may issue a special permit under section 725 to a person operating a vehicle or vehicle combination if all of the following are met:

(a) The vehicle or vehicle combination, including load, is not more than 106 inches in width.

(b) The vehicle or vehicle combination is used solely to move new motor vehicles or parts or components of new motor vehicles between facilities that meet all of the following:

(i) New motor vehicles or parts or components of new motor vehicles are manufactured or assembled in the facilities.

(ii) The facilities are located within 10 miles of each other.

(iii) The facilities are located within the city limits of the same city and the city is located in a county that has a population of more than 400,000 and less than 500,000 according to the most recent federal decennial census.

(c) The special permit and any renewals are each issued for a term of 1 year or less.

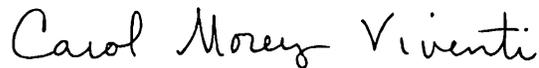

(9) A person who violates this section is responsible for a civil infraction. The owner of the vehicle may be charged with a violation of this section.
