

Fiscal Analysis

ELIMINATION OF MINIMUM AGE REQUIREMENTS FOR HUNTING LICENSES

Bill/Sponsor **HOUSE BILL 4225 As Introduced**, Rep. Susan L. Tabor

House Committee Conservation and Outdoor Recreation

Analysis

Summary

This bill would eliminate the minimum age requirement for firearm hunting licenses and other hunting licenses. The current age requirements are 14 and 12 years old, respectively. Existing license discounts for minor children would not be changed.

Fiscal Impact

This bill might have an indeterminate fiscal impact on the Game and Fish Protection Fund, depending on the number of new hunters licensed as minor children.
